The book presents multiple variations of suture lift procedures to allow the physician to decide which is best. The book brings together the more popular procedures for patients that include simpler methods of facial rejuvenation with less pain, shorter recovery time, lower cost and fewer complications. **The Skin Type Solution**

Leslie Baumann, 2006 Dermatologist Baumann provides a program that's revolutionizing the way people everywhere think about and shop for skin care. Whereas previous books identified only four basic skin types through clinical research, Dr. Baumann discovered that there are actually sixteen distinctly different skin types, each with unique needs all its own. But caring for your skin doesn't have to be complicated. Dr. Baumann has tested her program on thousands of patients, developing a system that is already transforming dermatology. Now her proven program is available to you. Discover your personal skin type profile, detailing what will work and what won't for your unique complexion; an extensive product guide to name brands suited to every skin type and budget; natural health and dietary advice for beautiful skin; tips on preventing aging and problem skin; the latest information on the new world of prescription products, facials, chemical peels, Retin A, Botox and collagen injections. From publisher description. **Advanced Surgical Facial Rejuvenation** Anthony Erian, Melvin A.
