

## ESL Podcast 1884 – Learning a New Operating System

### GLOSSARY

**to install** – to place a new program on a computer so that it is ready to use

\* Can you help me install this new anti-virus program?

**operating system** – the software that runs a computer, supporting all basic functions

\* Are you familiar with the Apple operating system, or only Windows?

**desktop** – the main screen that one sees when turning on a computer, from which other programs can be selected and used

\* Why are you saving all your documents on the desktop? Don't you know how to create folders?

**menu bar** – a list of available programs or options within a computer program from which one can select

\* Where's the button on this menu bar for checking spelling?

**application** – a program that allows a computer to do something, especially on a smart phone

\* With this new application, I can check into my flight and find out whether the flight has been delayed or canceled.

**user interface** – what a person sees and hears and where he or she has to click or touch to interact with a computer program

\* The new user interface is so intuitive and simple that even a child can use it.

**to revamp** – to redo and improve in some way; to revise

\* Let's revamp the old presentation to include new figures for this new potential client.

**customized** – designed, created, or changed to meet the needs of a particular person; with settings or features adapted to meet one person's preferences

\* The company sells customized t-shirts, pencils, and coffee mugs with the purchaser's name.

**setting** – a speed, color, size, function, or some other feature that can be established and adjusted by the user to better meet his or her needs and preferences

\* Can you help me change the language settings so that the program will check my spelling in German?
