Topic

1. Suggest a simple question or hypothesis for the students to explore in their investigation.

Has the amount of water discharged in the morning increased since the eruption?

The first part of this response is good although there is a bit less of a focus on the data, which could be developed to make the point clear and present a clearer point for the point. The second part of this response is good as it shows the data and the comparison with the point.

1. Suggest a simple question or hypothesis for the students to explore in their investigation.

Has the amount of water discharged in the morning increased since the eruption?

1. Suggest a simple question or hypothesis for the students to explore in their investigation.

Has the amount of water discharged in the morning increased since the eruption?

Do not leave things unexplained. Having more data with a hypothesis is better - why might this happen?
