How To Salsa in a Sari

Dona Sarkar,2008-01-01 The Culture Club First Issa Mazumder s nerdy boyfriend dumps her for popular Latina princess Cat Morena as if Cat even likes him She just hates Issa And for good reason Issa finds out that her mother not only has been dating Cat s dad but is going to marry him That means they re moving into Cat s huge house And not only is Issa s stepsister to be a total beyotch she has no respect for Issa s Indian and African American heritage But Issa gets some tough advice if she wants Cat Morena to welcome her traditions Issa had better learn how to salsa in a sari

The Complete Guide to the Theory and Practice of Materials Development for Language Learning Brian Tomlinson,Hitomi Masuhara,2017-07-17 The Complete Guide to the Theory and Practice of Materials Development for Language Learning provides undergraduate and graduate level students in applied linguistics and TESOL researchers materials developers and teachers with everything they need to know about the latest theory and practice of language learning materials development for all media The past two decades have seen historic change in the field of language learning materials development The four main drivers of that change include a shift in emphasis from materials for language teaching to language learning evidenced based development the huge increase in digital delivery technologies and the wedding of materials developed for the learning of English with those for other second or foreign languages Timely authoritative and global in scope this text represents the ideal resource for all those studying and working in the field of language learning

New Science of Learning Myint Swe Khine,Issa M. Saleh,2010-06-16 The earliest educational software simply transferred print material from the page to the monitor Since then the Internet and other digital media have brought students an ever expanding low cost knowledge base and the opportunity to interact with minds around the globe while running the risk of shortening their attention spans isolating them from interpersonal contact and subjecting them to information overload The New Science of Learning Cognition Computers and Collaboration in Education deftly explores the multiple relationships found among these critical elements in students increasingly complex and multi paced educational experience Starting with instructors insights into the cognitive effects of digital media a diverse range of viewpoints with little consensus this cutting edge resource acknowledges the double edged potential inherent in computer based education and its role in shaping students thinking capabilities Accordingly the emphasis is on strategies that maximize the strengths and compensate for the negative aspects of digital learning including

Group cognition as a foundation for learning Metacognitive control of learning and remembering Higher education course development using open education resources Designing a technology oriented teacher professional development model Supporting student collaboration with digital video tools Teaching and learning through social annotation practices The New Science of Learning Cognition Computers and Collaboration in Education brings emerging challenges and innovative ideas into sharp focus for researchers in educational psychology instructional design education technologies and the learning sciences
