Marc David Baer, 2020-03-10 An examination of why Jews promote a positive image of Ottomans and Turks while denying the Armenian genocide and the existence of antisemitism in Turkey Based on historical narrative the Jews expelled from Spain in 1492 were embraced by the Ottoman Empire and then later protected from the Nazis during WWII If we believe that Turks and Jews have lived in harmony for so long then how can we believe that the Turks could have committed genocide against the Armenians Marc David Baer confronts these convictions and circumstances to reflect on what moral responsibility the descendants of the victims of one genocide have to the descendants of victims of another Baer delves into the history of Muslim Jewish relations in the Ottoman Empire and Turkey to find the origin of these myths He aims to foster reconciliation between Jews Muslims and Christians not only to face inconvenient historical facts but to confront accept and deal with them By looking at the complexities of interreligious relations Holocaust denial genocide and ethnic cleansing and confronting some long standing historical stereotypes Baer aims to tell a new history that goes against Turkish antisemitism and admits to the Armenian genocide Baer demonstrates not only his erudition and knowledge of the sources but his courage on confronting a major myth of Ottoman history and current Turkish politics the tolerance and defense of Jews by the Ottoman and Turkish state Ronald Grigor Suny editor of A Question of Genocide A very significant study regarding the origins of violence and its denial in Turkey through the empirical

study of not only antisemitism but also its connection to genocide denial Fatma M ge G ek author of *The Transformation of Turkey* **Brecht, Turkish Theater, and Turkish-German Literature** Ela E. Gezen, 2018 Uncovers the central role of Brecht reception in Turkish theater and Turkish German literature examining interactions between Turkish and German writers texts and contexts **Turkey and the Politics of National Identity** Shane Brennan, Marc Herzog, 2014-09-19 In the first decade of the twenty first century Turkey experienced an extraordinary set of transformations In 2001 in the midst of financial difficulties the country was under IMF stewardship yet it has recently emerged as one of the fastest growing economies in the world And on the international stage Turkey has managed to enhance its position from being a backseat NATO member and outside candidate for EU membership to being an influential regional power determining and developing its own individual foreign policy Shane Brennan and Marc Herzog explore how these and other changes have shaped the way people in Turkey perceive themselves and how the country s self image shapes its actions In the modern age the sovereign nation state still continues to be one of the basic building blocks of social or political identity The Turkish Republic founded in 1923 is a good example In weaving together and selecting certain elements of memory myth tradition and symbols the narratives of national identity in Turkey have been to a large extent socially constructed This volume offers analysis of the ways in which these narratives have been created maintained and negotiated and how current economic and political interests have been incorporated into the construction of a modern identity External forces such as those of cultural and economic globalisation have also been influential agents in this process As a result the space and opportunity for social and cultural expression has increasingly widened while alternative identities and life style choices at both the collective and individual levels have also become more visible Bearing this in mind this book examines issues such as those of alternative gender identity and sexual orientation formerly taboo issues Through different approaches engaging with politics economy society culture and history *Turkey and the Politics of National Identity* offers new perspectives on the transformation of national identity in this increasingly influential country in the Middle East **Essays on Turkish Literature and History** Barbara Flemming, 2017-10-17 In *Essays on Turkish Literature and History* Barbara Flemming makes available essays partly previously published in German They offer insights gained through decades of scholarship Although the Ottoman period is central a wide range is covered including an early Turkish principality Mamluk and Ottoman Egypt and contemporary southeastern Turkey The essays look into historical and political factors involved in the preoccupation with the world s ending into Muslim Christian dialogue the sultan s prayer before battle and the bilingualism of poets Of particular interest are the sections on female participation in mysticism on an anti Sufi movement in Cairo on the Ottoman capital s appeal to collectors and emigrants Diez S ssheim B hlau and on the far reaching effects of alphabet change **Excavating Memory** Ülker Gökberk, 2020-09-29 This study moves the acclaimed Turkish fiction writer Bilge Karasu 1930 1995 into a new critical arena by examining his poetics of memory as laid out in his narratives on Istanbul s Beyo lu once a cosmopolitan

neighborhood called Pera Karasu established his fame in literary criticism as an experimental modernist but while themes such as sexuality gender and oppression have received critical attention an essential tenet of Karasu s oeuvre the evocation of ethno cultural identity has remained unexplored Excavating Memory brings to light this dimension Through his non referential and ambiguous renderings of memory Karasu gives in his Beyolu narratives unique expression to ethno cultural difference in Turkish literature and lets through his own repressed minority identity By using Walter Benjamin s autobiographical work as a heuristic premise for illuminating Karasu G kberk establishes an innovative intercultural framework which brings into dialogue two representative writers of the twentieth century over temporal and spatial distances

Frontier Orientalism and the Turkish Image in Central European Literature Charles D. Sabatos,2020-01-02 This comparative study analyzes the ways that Central European writers used stereotypes of the Turks to develop their national identities from the early modern period to the present Charles D Sabatos uses Andre Gingrich s concept of frontier Orientalism to foreground his analysis of Central European Orientalism designating the nations of the former Habsburg Empire as the occident and the Turks as the oriental Other This study applies theoretical approaches to literary history as developed by scholars such as Stephen Greenblatt and Linda Hutcheon to a range of texts from the early modern period the nineteenth century national revivals interwar independence and the communist and postsocialist regimes By following these depictions across literatures and over an extensive historical period this study illustrates how the Turkish stereotype evolved from a menace to a more abstract yet still powerful metaphor of resistance and finally to a mythical figure that evoked humor as often as fear Turkish Culture in German Society David Horrocks,Eva Kolinsky,1996-05-01 For many decades Germany

has had a sizeable Turkish minority that lives in an uneasy co existence with the Germans around them and as such has attracted considerable interest abroad where it tends to be seen as a measure of German tolerance However little is known about the actual situation of the Turks This volume provides valuable information presented in a most original manner in that it combines literary and cultural studies with social and political analysis It focuses on the Turkish born writer Emine Sevgi

zdamar who writes in German and whose work especially her highly acclaimed novel *Das ist eine Karawanserei* is examined critically and situated in the context of German migrant literature

Turkish Culture in German Society Today David Horrocks, Eva Kolinsky, 1996 A literary and cultural study combining social and political analysis along with a close reading of Turkish born writer Emine Sevgi Ozdamar in order to present the current situation of the Turkish minority living in modern Germany The ten essays and conclusion include an interview and work sample from Ozdamar's critically acclaimed over followed by a sociological survey of the general situation of minorities in Germany today views experiences government policy and popular perceptions particularly in the case of the Turkish community Paper edition unseen 15 Annotation copyright by Book News Inc Portland OR
