Action Thriller—Book 4) Vin Strong, 2024-09-14 When Air Marshal Alex Hawkins settles into a routine flight terror takes over the plane when a mysterious toxin begins to claim victims Stranded miles above the ground Alex must battle an invisible killer and time itself to save the remaining passengers and himself LONE COMMAND An Alex Hawkins Action Thriller Book 4 is the fourth novel in a new series by action thriller author Vin Strong The series begins with LONE SURVIVOR Book 1 The Alex Hawkins series is a gripping action thriller that will keep you glued to the pages with intense suspense stunning plot twists and an unforgettable protagonist who is sure to capture your heart You ll find yourself turning pages well into the night Fans of Brad Taylor Vince Flynn and Mark Greaney are sure to fall in love with their next favorite action hero Future books in the series are also available Buying the Big Jets Paul Clark, 2017-07-14 Selecting the right aircraft for an airline operation is a vastly complex process involving a multitude of skills and considerable knowledge of the business Buying the Big Jets has been published since 2001 to provide expert guidance to all those involved in aircraft selection strategies This third edition brings the picture fully up to date representing the latest developments in aircraft products and best practice in airline fleet planning techniques It features a new section that addresses the passenger experience and for the first time includes regional jet manufacturers who are now extending their product families into the 100 plus seating category Overall the third edition looks at a broader selection of analytical approaches than previously and considers how fleet planning for cost leader airlines differs from that of network carriers Buying the Big Jets is an industry specific example of strategic planning and is therefore a vital text for students engaged in graduate or post graduate studies either in aeronautics or business administration The book is essential reading for airline planners with fleet planning responsibility consultancy groups analysts studying aircraft performance and economics airline operational personnel students of air transport leasing companies aircraft value appraisers and all who manage commercial aircraft acquisition programmes and provide strategic advice to decision makers It is also a valuable tool for the banking community where insights into aircraft acquisition decisions are vital The Last Layover Steven Bird, 2014-09-28 The Last Layover is a fiction novel based on real places and potential scenarios where the comfort security and conveniences of our modern first world society quickly come to an end Imagine yourself far from home when the world suddenly changes Just think back to Hurricane Katrina Hurricane Sandy and other such recent events and you can see just how quickly society breaks down Those situations even occurred with the

nature of the emergency being confined to one specific geographic area where help is just the next town or state away Now also think about how that scene would play out if help was not going to come What if those who you would look to for help had their own emergencies to contend with leaving you and those around you to fend for yourselves What about all of those modern conveniences of society like ATM s point of sale debit credit card readers cell phones and the internet What if it all went down while you were away from home What about our food supply chain How much food does your family have at home to get them through if the shelves were to go empty How much do you have with you Will it all go bad without electricity Do you have what it takes to defend yourself and those around you when society takes an ugly turn and violence becomes necessary for survival Those are a few of the things that this book helps you think about In *The Last Layover* an airline crew finds themselves on an overnight layover in New York City far from their homes when a series of events take place that bring our modern society to its knees Join them as they face the dangers and difficulties of trying to make their way back to their homes and families in a rapidly deteriorating society without our modern transportation and communications infrastructure all while dealing with the lawlessness and violence that quickly ensues in a desperate and broken society Discover with them the dark side that humanity can quickly take as well as the good that can come from faith family and friendship Flight International ,2006 Aircraft Accident Report ,197? **Flying Magazine** ,1980-08 Moody's Transportation Manual ,1997 **AERO TRADER & CHOPPER SHOPPER, OCTOBER 1997** Causey Enterprises, LLC, **Military Aircraft Pilot Reports** ,1995 Read all about the most interesting military aircraft today with these firsthand reports from America s best aviation writers Stuffed with more than 20 recent Pilot Report columns from Aviation Week Space Technology magazine this abundantly illustrated guide gives you detailed data on the flight capabilities of aircraft such as Northrop Grumman B 2 Stealth bomber McDonnell Douglas F A 18 Rockwell International B 1 bomber McDonnell Douglas C 17 NF 16D Vista Lockheed SR 71 and McDonnell Douglas T 45 The authors recount their experiences at the controls provide selected specifications tables and photographs and include a brief history of each plane and its manufacturer Regardless of which type of military aircraft piques your interest bombers fighter attack planes cargo transport planes special purpose or trainer planes this book has the information you crave Aircraft & Aerospace ,1991 **Flying** ,1980 **The AOPA Pilot** ,1981 *CIS Federal Register Index* ,1988 **Flying in the Face of Criminalization** Sofia Michaelides-Mateou,Andreas Mateou,2016-04-15 Two parallel investigations take place after every aviation accident one technical one judicial The former must be conducted with the sole intention of making safety recommendations to prevent the recurrence of similar accidents The judicial investigation however has the intention of identifying those parties that have been at fault and to apportion blameworthiness for criminal and civil liability Consequently this results in a predicament for those parties that have been identified as having played a role in the accident a dilemma between not supplying information aimed at enhancing safety and preventing future accidents and on the other hand supplying such information which may possibly be used against them

in subsequent criminal prosecution The situation is compounded by inconsistent approaches between different legal systems aviation professionals may find themselves faced with criminal charges in one country but not in another and they may also be unsure as to whether statements given during the technical investigation could be used against them in a court of law Aviation safety is to a large extent built upon the trust placed by pilots ATCOs and other aviation professionals in the process of accident investigation This book examines the growing trend to criminalize these same people following an accident investigation and considers the implications this has for aviation safety **Jane's All the World's Aircraft** ,2009
