Epicor Erp Functionality Manual:

Mastering the Modern Data Stack Nick Jewell, PhD, 2023-09-28 In the age of digital transformation becoming overwhelmed by the sheer volume of potential data management analytics and AI solutions is common. Then it's all too easy to become distracted by glossy vendor marketing and then chase the latest shiny tool rather than focusing on building resilient valuable platforms that will outperform the competition. This book aims to fix a glaring gap for data professionals a comprehensive guide to the full Modern Data Stack that's rooted in real world capabilities not vendor hype. It is full of hard earned advice on how to get maximum value from your investments through tangible insights actionable strategies and proven best practices. It comprehensively explains how the Modern Data Stack is truly utilized by today's data driven companies. Mastering the Modern Data Stack An Executive Guide to Unified Business Analytics is crafted for a diverse audience. It's for business and technology leaders who understand the importance and potential value of data analytics and AI but don't quite see how it all fits together in the big picture. It's for enterprise architects and technology professionals looking for a primer on the data analytics domain including definitions of essential components and their usage patterns. It's also for individuals early in their data analytics careers who wish to have a practical and jargon free understanding of how all the gears and pulleys move behind the scenes in a Modern Data Stack to turn data into actual business value. Whether you're starting your data journey with modest resources or implementing digital transformation in the cloud you'll find that this isn't just another textbook on data tools or a mere overview of outdated systems. It's a powerful guide to efficient modern data management and analytics with a firm focus on emerging technologies such as data science machine learning and AI. If you want to gain a competitive advantage in today's fast paced digital world this TinyTechGuide is for you. Remember it's not the tech that's tiny just the book.
