<p>ROMEO Good morrow, Father.</p> <p>FRIAR LAWRENCE Benedicite. What early tongue so sweet saluteth me? Young son, it argues a distempered head So soon to bid good morrow to thy bed. Care keeps his watch in every old man's eye, And where care lodges, sleep will never lie. But where unbruised youth with unstuffed brain Doth couch his limbs, there golden sleep doth reign. Therefore thy earliness doth me assure Thou art uproused by some distemperature. Or if not so, then here I hit it right: Our Romeo hath not been in bed tonight.</p> <p>ROMEO That last is true. The sweeter rest was mine</p> <p>FRIAR LAWRENCE God pardon sin! Wast thou with Rosaline?</p> <p>ROMEO With Rosaline, my ghostly Father? No. I have forgot that name and that name's woe.</p>

First Additional Language Paper 2 Grade 9 November 2014:

Between Church and State James W. Fraser, 2016-09-15 A fully updated second edition of this essential look at the continuing tensions between religion and American public schools Today the ongoing controversy about the place or lack of place of religion in public schools is a burning issue in the United States Prayer at football games creationism in the classroom the teaching of religion and morals and public funding for private religious schools are just a few of the subjects over which people are skirmishing In *Between Church and State* historian and pastor James W Fraser shows that these battles have been going on for as long as there have been public schools and argues there has never been any consensus about what the separation of church and state means for American society or about the proper relationship between religion and public education Looking at the difficult question of how private issues of faith can be reconciled with the very public nature of schooling Fraser's classic book paints a complex picture of how a multicultural society struggles to take the deep commitments of people of faith into account including people of many different faiths and no faith In this fully updated second edition Fraser tackles the culture wars adding fresh material on current battles over public funding for private religious schools He also addresses the development of the long simmering evolution creationism debate and explores the tensions surrounding a discussion of religion and the accommodation of an increasingly religiously diverse American student body *Between Church and State* includes new scholarship on the role of Roger Williams and William Penn in developing early American conceptions of religious liberty It traces the modern expansion of Catholic parochial schools and closely examines the passage of the First Amendment changes in American Indian tribal education the place of religion in Booker T Washington and W E B Du Bois's debates about African American schooling and the rapid growth of Jewish day schools among a community previously known for its deep commitment to secular public education

The Schenley Experiment
Jake Oresick, 2017-04-14 The Schenley Experiment is the story of Pittsburgh's first public high school a social incubator in a largely segregated city that was highly even improbably successful throughout its 156 year existence Established in 1855 as Central High School and reorganized in 1916 Schenley High School was a model of innovative public education and an ongoing experiment in diversity Its graduates include Andy Warhol actor Bill Nunn and jazz virtuoso Earl Hines and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather The subject of investment as well as destructive neglect the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt Integrated decades before *Brown v Board of Education* Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace's reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50

million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America's oldest public schools
