 A Quality Management System (QMS) is a set of processes and procedures that an organization uses to manage its quality. It is designed to ensure that the organization consistently meets the requirements of its customers and other stakeholders.

**Customer Focus in ISO 9001**  
 One of the key principles of ISO 9001 is customer focus. This means that the organization should understand the customer's needs and expectations and strive to meet them. This is achieved through effective communication and collaboration with the customer.

**Leadership and ISO 9001**
