Golosa Richard Robin, Karen Evans-Romaine, Galina Shatalina, 2022-07-29 A Basic Course in Russian Sixth Edition strikes a true balance between communication and structure It takes a contemporary approach to language learning by focusing on the development of functional competence in the four skills listening speaking reading and writing as well as the expansion of cultural knowledge It also provides comprehensive explanations of Russian grammar along with the structural practice students need to build accuracy The sixth edition of this bestselling communicatively based text for beginning Russian has been updated by putting a greater focus on contemporary culture and simplified visual grammar explanations that will better engage students Books One and Two are a basic proficiency oriented complete course in Russian language designed to bring students to the ACTFL Intermediate range in speaking A2 B1 on the CEFR scale after 200 250 classroom contact hours or two years of academic study The program also covers the basic morphology of Russian declension case government conjugation The program has

been the bestseller as a college Russian textbook through five editions since 1993. It is designed to be the principal textbook for a two-year college sequence running at 3 to 5 hours a week, a total of 150 to 250 hours of face-to-face instruction at the college level. Double at the high school level, it is divided into two books: Book One and Book Two, of ten units each. The units are organized thematically, and each unit contains dialogues, texts, exercises, and other material designed to enable students to read, speak, and write about the topic as well as to understand simple conversations. The systematic grammar explanations and exercises enable students to develop a conceptual understanding and partial control of all basic Russian structures. This strong structural base enables students to accomplish the linguistic tasks and prepares them for further study of the language. Slavic and East European Journal, 1998 *The Art of Teaching Russian* Evgeny Dengub, Irina Dubinina, Jason Merrill, 2020-12-01. *The Art of Teaching Russian* offers Russian language practitioners current research, pedagogy, and specific methodologies for teaching the Russian language and culture in the twenty-first century. With contributions from the leading professionals in the field, this collection covers the most important aspects of teaching the Russian language.

Student-Centered Approaches to Russian Language Teaching Svetlana V. Nuss, Cynthia L. Martin, 2022-12-30. *Student-Centered Approaches to Russian Language Teaching* looks at how the field of Russian language pedagogy has evolved in recent years due to advances in technology along with shifts in attitudes to language pedagogy and how the pandemic has compounded and accelerated these changes. This edited collection brings together different perspectives from the field of Russian language pedagogy. With pedagogical conversations now centered around students and their needs as well as the evolving role of the teacher in the 21st century, this volume highlights the diverse ways in which instructional practices have evolved, making curriculum and assessment more student-centered and Russian language learning more engaging. The collection will be of interest to current and future instructors of Russian as a foreign or additional language who wish to diversify their instruction as well as students of Russian language pedagogy and second language learning and teaching.
