Humanity ,1901 **Humanity in God's Image** Claudia Welz, 2016-08-18 How can we in our times understand the biblical concept that human beings have been created in the image of an invisible God This is a perennial but increasingly pressing question that lies at the heart of theological anthropology *Humanity in God's Image An Interdisciplinary Exploration* clarifies the meaning of this concept traces different Jewish and Christian interpretations of being created in God's image and reconsiders the significance of the imago Dei in a post Holocaust context As normative counterfactual notions human dignity and the imago Dei challenge us to see more Claudia Welz offers an interdisciplinary exploration of theological and ethical visions of the invisible By analysing poetry and art Welz exemplifies human self understanding in the interface between the visual and the linguistic The content of the imago Dei cannot be defined apart from the image carrier an embodied creature Compared to verbal visual and mental images how does this creature as a living image refer to God like a metaphor a mimetic mirror or an elusive trace Combining hermeneutical and phenomenological perspectives with philosophy of religion and philosophy of language semiotics art history and literary studies Welz regards the imago Dei as a complex sign that is at once iconic indexical and symbolical pointing beyond itself *God, Humanity and the Cosmos - 3rd Edition* Christopher Southgate, 2011-12-15 **The Way of Humanity** Martin Buber, 2023-07-10 Martin Buber 1878 1965 was one of the most influential Jewish thinkers of the twentieth century A philosopher seeker and nurturer of dialogue he responded to the complexities of his times by affirming the fullness of interpersonal encounter and the spiritual everyday In 1947 Buber delivered lectures interpreting six traditional Chasidic stories to a German speaking audience published as *The Way of*

Humanity In the first new English translation in over half a century Rabbi Bernard H Mehlman DHL and Gabriel E Padawer ScD z l bring the work to contemporary readers in a clear accessible voice The teachings within highlight the subversion and innovation of the early Chasidic masters of the eighteenth and nineteenth centuries while providing meaningful spiritual guidance and insight for any seeker today Scholarly forewords by Paul Mendes Flohr PhD and Rabbi Joseph A Skloot PhD as well as an introduction epilogue and notes from the translators place Buber s work in historical context Timeless and enlightening The Way of Humanity guides us to inner meaning and highlights our human wholeness Martin Buber has much to say to today s generation of Jews and non Jews but he is not always easy to understand We can be grateful to Mehlman and Padawer for rendering one of Buber s seminal essays into accessible English Rabbi Harold Kushner author of When Bad Things Happen to Good People These gifted translators deliver Martin Buber s teaching of Chasidic tales and inspired interpretations in a gender neutral poetic version of The Way of Humanity that delights the mind and touches the heart Each careful word choice enables us to appreciate anew the power of the work s soulful message Rabbi Mehlman and Dr Padawer combine mastery of the material with their experience as beloved educators to deliver Buber s treasures to curious learners at any level I will use it in my own teaching This is an exquisite new translation filled with timely wisdom Rabbi Elka Abrahamson President Wexner Foundation Martin Buber lived in Germany and Palestine Israel and yet his writing speaks to Americans today His newly translated and annotated The Way of Humanity is a brief essay that uses six Chasidic tales like Aesop s fables and the wisdom of many Polish rabbis to answer the question How should I live my life A deeply spiritual man Buber concludes that ultimately everything depends upon this letting God in Mehlman and Padawer s fluid translation eases the process for achieving that end Shulamit Reinharz PhD Brandeis University Martin Buber s still large voice has more importance than ever and in this new translation it rings with special eloquence Through Buber and now through Mehlman and Padawer the wisdom of the Chasidic rabbis lives and lives again James Carroll author of Jerusalem Jerusalem Martin Buber s The Way of Humanity a genuine masterpiece of twentieth century religious writing is given new life in this clear and learned annotated translation by Bernard Mehlman and Gabriel Padawer Buber s luminous insights into the life of the spirit and the human condition grounded in the simple yet profound wisdom tales of the Chasidic masters are now made accessible to new generations of readers The introduction of Mehlman and Padawer frames Buber s gem in its postwar historical context uncovering new aspects of his triumphant achievement Rabbi Dr Nehemia Polen Hebrew College In this wonderful edition Martin Buber speaks in warm and personal voice as a spiritual mentor to a beloved listener Rabbi Dennis S Ross author of God in Our Relationships Spirituality between People from the Teachings of Martin Buber [Exploring Humanity](#) Mihai I. Spariosu, Jörn Rüsen, 2012-09-11 The old humanistic model aiming at universalism ecumenism and the globalization of various Western systems of values and beliefs is no longer adequate even if it pleads for an ever wider inclusion of other cultural perspectives and for intercultural dialogue In contrast it would be wise to retain a number of its assumptions and

practices which it incidentally shares with humanistic models outside the Western world We must now reconsider and remap it in terms of a larger global reference frame This anthology does just that thus contributing to a new field of study and practice that could be called intercultural humanism **Affairs of Humanity** Catherine Arnold,2025-12-16 A new look at the origins of humanitarian intervention We are encouraged to empathize with the suffering of distant strangers every day from ads for UNICEF to the outcry over Russia's invasion of Ukraine But where did this type of politics come from Historian and practicing barrister Catherine Arnold locates the religious origins of humanitarian politics in early eighteenth century Britain and Europe In the late seventeenth century British politicians argued for confessional intervention in other words for interventions to protect Britain's fellow Protestants in continental Europe By the 1740s however a cadre of high ranking British officials was advocating instead for a new form of humanitarian intervention using natural law inflected language to justify its claims Between 1690 and 1745 British officials intervened diplomatically to protect not only Protestants in France northwestern Italy and the Holy Roman Empire but also Jewish fugitives from Portugal Catholic dissidents in France and Jewish refugees in Bohemia Arnold shows that this new type of intervention was intended to stop states from torturing imprisoning or expelling their subjects and was justified with humanitarian arguments British officials contended that state persecution that is using state authority to punish a subject only because of her religious beliefs violated natural law They asserted that Britain had a duty to prevent states from violating natural law and an ethical obligation to aid sufferers of all religious faiths out of common humanity **Humankind and Humanity in the Philosophy of the Enlightenment**

Stefanie Buchenau,Ansgar Lyssy,2023-08-24 What makes us human beings Is it merely some corporeal aspect or rather some specific mental capacity language or some form of moral agency or social life Is there a gendered bias within the concept of humanity How do human beings become more human and can we somehow cease to be human This volume provides some answers to these fundamental questions and more by charting the increased preoccupation of the European Enlightenment with the concepts of humankind and humanity Chapters investigate the philosophical concerns of major figures across Western Europe including Montesquieu Diderot Rousseau Locke Hume Ferguson Kant Herder Johann Friedrich Blumenbach and the Comte de Buffon As these philosophers develop important descriptive and comparative approaches to the human species and moral and social ideals of humanity they present a view of the Enlightenment project as a particular kind of humanism that is different from its Ancient and Renaissance predecessors With contributions from a team of internationally recognized scholars including Stephen Gaukroger Michael Forster Celine Spector Jacqueline Taylor and Gnter Zller this book offers a novel interpretation of the Enlightenment that is both clear in focus and impressive in scope
