Ancient and Indigenous Wisdom Traditions in African and Euro-Asian Contexts Ehaab Abdou, Theodore Zervas, 2024-08-01 This book brings attention to the understudied and often overlooked question of how curricula and classroom practices might inadvertently reproduce exclusionary discourses and narratives that omit or negate particular cultures histories and wisdom traditions With a focus on representations and classroom practices related especially to ancient and Indigenous wisdom traditions and cultures it includes unique contributions from scholars studying these questions in various contexts The book offers a range of important studies from key African and Euro Asian contexts including Afghanistan Albania Greece Iran South Africa Sweden Türkiye and Zimbabwe The various chapter contributions address and discuss nuances of each of the contexts under study The contributions also help highlight some key commonalities across these contexts including how dominant discourses and various forces have historically shaped and continue to shape and reproduce such omissions misrepresentations and marginalization In addition to seeking to reconcile with some of these ancient and Indigenous wisdom traditions and cultures the book charts a path forward towards more holistic analytical frameworks as well as more inclusive and balanced representations and classroom practices in these aforementioned geographic contexts and beyond It will appeal to scholars researchers undergraduate and graduate students with interests in Indigenous education curriculum studies citizenship education history of education religion and educational policy

Water and Society Terje Tvedt, 2015-12-22 Despite the central importance that water has held for civilizations both ancient and modern its social significance has made surprisingly little impact on our contemporary understanding of human history and development Dominant interpretations of the relationship between society and nature have remained water blind In *Water and Society* historian and leading water expert Terje Tvedt argues for a change that acknowledges the significant role played by water in societal development Reflecting his expertise as a geographer historian and a political scientist and drawing on his wide experience of water issues around the world Terje Tvedt's *Water and Society* provides a long overdue reappraisal of the relationship between water and society one that gives water its rightful place as central to any true understanding of human history and development
