

## Voice: A Weapon of Change

Voice is one of the most powerful weapons that we can have. By speaking, we can change many things. We can influence other people's lives, we can change their perceptions, and through voicing out our thoughts, we may change the world into a better place. That's why, we need to speak effectively to have a huge impact on our listeners.

However, being an effective and powerful speaker is not easy. You need to take the attention of the people and make them listen to you. But how? Just like what Julian Treasure mentioned in his video, we should avoid the deadly sins of speaking and for me, it's true. It is really hard and annoying to listen to someone who is boastful, judgmental, negative, complaining all the time, and lying. It is just like watching a nonsense movie. It is better when we talk about truth and reality. It is more pleasing and interesting to hear.

Aside from that, there are four things that we need to acquire to make our speech powerful. These things are honesty, authenticity, integrity, and lastly love. We need to be true and honest when we speak. We need to be genuine and enthusiastic to show them that we really like what we are doing and to get their attention. Next, we need to stand by our words, do what we say and be the person whom people can trust and lastly, wishing people well.

Voice plays a vital role in speaking. According to the video, we have this powerful toolbox that could help us to speak better yet, only few can use it well. This toolbox can help us to speak powerfully so we must use it correctly. We need to control the register, timbre, prosody, pace, pitch and volume of our voice. We cannot deny that there are times that the voice of the speaker has a huge impact on us, the more powerful it is, the more we want to listen. So by practicing and warming up we can improve our voice.

We need to speak to be heard by everyone. We need to speak to say what we want and we need to speak to change the world. We should acquire those four characteristics to be a good speaker and practice our voice. We should be the master of it.
