voices of the men who experienced it Boys Just Boys relates the story of the 423rd regiment of the 106th Infantry Division  
during and after the Battle of the Bulge In mid December 1944 after rigorous training but no combat experience the men of  
the 423rd along with the rest of the division arrived in the snows and forested ravines of the Ardennes Schnee Eifel the  
mountains straddling the border between Germany and eastern Belgium As they dug into their positions they were assured  
the Germans no longer posed much threat A few days later in the early dawn of December 16 massive German panzer  
divisions hit the American lines Positioned at the center of the attack the 423rd was hit head on Few of the men had seen  
battle before and they were vastly outnumbered by the enemy Many died in the assault and most of the survivors were taken  
prisoner Only a handful of soldiers escaped the Germans the 423rd was essentially destroyed Over 2 500 members of the  
423rd were shipped as POWs to the east where they endured unimaginable hardships before the war in Europe ended They  
were crushed for days onto trains without food water or sanitary facilities they were herded into camps where they were  
starved beaten and frozen and they were sent to arbeitskommando work camps While some of the POWs died of disease and  
sepsis many died from starvation overwork and exposure Others were killed in Allied bombing and strafing raids and a few by  
executions and illegal shootings Then in the final months of the war as the Allies began to close in from east and west the  
Germans grew terrified that the conditions of the POW camps and arbeitskommandos would come to light and they herded  
the POWs across country on what amounted to death marches Boys Just Boys draws upon the private accounts that some  
veterans wrote Years later the author Kurt Vonnegut who was among the POWs housed in Dresden s slaughterhouse and  
forced to collect the dead from the cellars of the city after the Allied fire bombing wrote the novel Slaughterhouse Five

Through eyewitness recollections of his fellow POWs as well as through records left with Vonnegut's family *Boys Just Boys* reconstructs the whole brutal chain of events *Boys Just Boys* draws entirely upon the author's personal interviews with surviving veterans of the 423rd and their families as well as upon their letters and memoirs their obituaries and US Army morning reports each individual soldier in the story is unforgettable From the prologue to the final page it is a spellbinding and heartbreaking record of courage loyalty and friendship in the face of horror degradation and cruelty     Manuals Combined: DoD Security Engineering Facilities Planning; Design Guide For Physical Security Of Buildings; Antiterrorism Standards For Buildings And Specifications For Active Vehicle Barriers , Over 1 600 total pages Application and Use Commanders security and antiterrorism personnel planners and other members of project planning teams will use this to establish project specific design criteria for DoD facilities estimate the costs for implementing those criteria and evaluating both the design criteria and the options for implementing it The design criteria and costs will be incorporated into project programming documents     *Federal Register* ,1995     **Managerial Accounting ...** James Oscar McKinsey,1924
