THE GAME OF BLACKJACK

Blackjack, also known as Twenty-one, is one of the world's most popular casino games. In Blackjack, the dealer deals cards to seven players. These rules vary from casino to casino, but all versions of the game are based on the same principles. The goal of the game is to get a 21 or closer to that value than the dealer.

Each player has two cards. If the player totals the dealer's hand, they win. If the dealer's hand is higher, the player loses. The total amount that the player bets is the amount that they win. The player's cards are dealt face up while the dealer's cards are dealt face down. One of the player's cards is the dealer's card.

Each turn and round the dealer deals additional cards. All the cards are dealt according to the player's and dealer's results. The game is known for its complex strategy. The player will choose the best of the game as well as help the player understand the strategy.
