Early Childhood Qualitative Research J. Amos Hatch, 2013-10-18 How can qualitative researchers make the case for the value of their work in a climate that emphasizes so called scientifically based research What is the future of qualitative research when such approaches do not meet the narrow criteria being raised as the standard In this timely collection editor J Amos Hatch and contributors argue that the best argument for the efficacy of qualitative studies in early childhood is the new generation of high quality qualitative work This collection brings together studies and essays that represent the best work being done in early childhood qualitative studies descriptions of a variety of research methods and discussions of important issues related to doing early childhood qualitative research in the early 21st century Taking a unique reconceptualist point of view the collection includes materials spanning the full range of early childhood settings and provides cutting edge views by leading educators of new methods and perspectives

Ray of Hope Rayhan Ansari, 2025-10-08 The walls inside my heart hadn t formed properly Instead of separating cleanly the chambers fused into one messy leaky center Blood flowed where it wasn t supposed to and oxygen took wrong turns I gasped for breath while my tiny heart barely begun was already fighting to keep me here This is not the story of a perfect boy it s the story of a beating heart Meet Adam born with a congenital heart defect and scars that shaped both his body and his confidence His journey blends reality and imagination but its message is universal resilience hope and the fight to keep pressing forward despite invisible battles Written to inspire children teens and families facing challenges this book is a reminder that healing is messy strength comes in unlikely forms and second chances are real More than anything it s for anyone who is searching for their own voice and the north star that will guide them forward

A Memoir of an Educational Biographer Gerald L. Gutek, 2024-09-01 In his interdisciplinary memoir Gerald Gutek applies history and philosophy of education to educational biography The author was guided by his focusing goals of exploring his path to becoming an educational biographer and working generalizations with his colleagues in the field Gutek s narrative begins with the author s childhood experiences that inclined him to a career in education followed by chapters on his doctoral program in the College of Education at the University of Illinois in Champaign Urbana his teaching of history and philosophy and education in the School of Education at Loyola University Chicago his research and writing of biographies of Johann Heinrich Pestalozzi and Joseph Neef and his

textbook Historical and Philosophical Foundations of Education a Biographical Introduction and issues and strategies in writing about Maria Montessori Throughout the book Gutek analyzes concepts and applications he developed as an educational biographer such as parallel biographies slice of life writing reconsidering overlooked and understudied educators and the role of place and space in telling life stories ENDORSEMENTS Readers both new to educational biography or familiar with the discipline will find a valuable account of the author s long and varied career as a biographer From his childhood memory of listening to neighbors stories in his grandfather s grocery store to encounters with the important teachers in his life Gutek brings his own story to life As he recounts the influences on his personal intellectual history and the processes of his research and writing readers gain valuable insights into the methods of an experienced educational biographer Larry Prochner University of Alberta For fifty years Gerald Gutek has been and remains one of the seminal and leading voices in the field of educational biography thus it only makes sense for him to create something new an intellectual memoir From his work on Counts in 1970 to his work on Montessori 2016 and her acolytes in the US 2020 Gutek has reliably bridged the worlds of educational history educational biography and philosophical foundations of education this work cements his legacy Gutek skillfully interweaves personal and family history with movements in educational history both formal and informal then explains how these impacted his thinking and writing Throughout this eminently readable memoir Gutek also includes political and historical context without engaging in divisiveness Scholars of life writing should give this a close reading as Gutek sprinkles nuggets of methodological brilliance throughout the manuscript Junior scholars would do well to read Gutek s more substantive sections on the methods used to write each of his books it is the academic equivalent of Master Class in textual form Ed Janak University of Toledo

Let My Children Work! John P. Blessington, 1999-08 There is a germ of a quiet revolution growing in our educational system The very funny highly irreverent and yet sensible John Blessington has planted that seed in *Let My Children Work* His revolution involved throwing out the whole ridiculous concept of homework of tying home and school life together or recommending yes heartily endorsing T V as a learning tool and of recognizing the home as the richest learning center available This is a revolution that goes to the roots of the way all of us live In *Let My Children Work* Jack Blessington points the way to a saner and more complete way of educating our children

Mommy, Teach Me Barbara Curtis, 2007-06-01 In *Mommy Teach Me* author Barbara Curtis a mother of twelve shares secrets on how to turn everyday experiences into learning opportunities for preschool children Designed as a user friendly educational program this book is filled with interactive exercises for parents to implement with their littlest ones at home They will discover that while playing drawing and just being a kid children can also be practicing muscle control concentration orderliness and other basic skills that will help them with later education and all throughout life

Montessori Angeline Stoll Lillard, 2017 Angeline Stoll Lillard here shows that science has finally caught up with Maria Montessori Lillard presents the research behind eight principles that provide the foundation for Montessori education and

describes how each principle is applied in the Montessori classroom Edward de Bono: Love Laterally Sarah Tucker, 2024-11-07 Edward de Bono polymath writer and philosopher spent his life showing people how to use their brains creatively to disrupt traditional ideas and ways of doing things He mixed socially with powerful people but he never stopped challenging their limited beliefs He travelled the globe bringing his lateral thinking techniques to schools corporations and leaders in crisis Adored by advertising agencies misunderstood by the media and mistrusted by academia De Bono became a household name dominating the field of creative thinking for half a century With contributions from de Bono s former wife Josephine de Bono Sir Tony Blair HRH Prince Philip and many others who knew de Bono plus rare photographs from his family Reviews The book is filled with the voices of people who knew loved admired and worked with him It s de Bono viewed from the side as remembered by those who were fond of him It s to Tucker s credit that now such a private man comes into view so much more clearly It leaves us free to engage with de Bono s legacy head on _ Ranier Fsadni Times of Malta Edward de Bono sideways timesofmalta com Book Review by Michael Hewitt Gleeson School of Thinking Love Laterally is a 2024 book about Edward de Bono by Sarah Tucker The book truly lives up to its snappy name There is lots of love There is lots of lateral thinking I enjoyed it immensely and also learned a lot about a man that I knew very well for fifty years Edward de Bono s books about Lateral thinking and thinking outside the box are concepts that are part of our culture and here to stay Many of us have long since benefitted from Edward s instruction and many others are yet to do so Even a single sentence from this great thinker can change a brain and change a life There are many fascinating stories and insights in this easy to read and lovely book Michael Hewitt Gleeson schoolofthinking org Riveting read of a man who led his life in the fast lane and created a way for others to do the same Dave Trott advertising guru An amazing and perceptive biography Anne Sebba author of That Woman The Life of Wallis I loved this book so much I initially never heard the name Edward de Bono but after learning that he is behind what it s means to be a creative thinker and think outside the box I was fascinated After reading this book I learned a lot more about Edward de Bono and understood how he thought the way he did When I read the book there were events in his life that I couldn t believe were real but I loved all the juicy stories that made him the man he was It s a shame that there is a generation of people who don t know who he is and what he brought to the world Amazon reviewer About the authors Sarah Tucker is the best selling author of seven novels seven children s books and seven books on wellbeing and mental health for adults young adults and children She is Ambassador to various forward think organisations including Homerton Cambridge Changemakers and is leading an initiative for Thinking Classes in schools She is a Lecturer at Cambridge University Hawkwood Centre and Bath Spa University is a former presenter for TV and radio and a travel writer for many publications and national newspapers Baroness Helena Kennedy is a practitioner at the English Bar a King s Counsel Director at the International Bar Association s Institute of Human Rights She has been principal of an Oxford College head of the British Council head of the UK Human Genetics Commission and chair of various legal and arts
