attitudes that lead to successful and fun sailing such as focusing the no blame rule and stripping down to the essentials Unlike some other sailing guides this book points out that sailing can be a lifestyle that includes many dimensions Its not just about getting a boat to sail Traveling by boat is a unique experience and visiting small coastal New England communities is an adventure Learning about history art ecology star constellations technology and birds are only a few of the kinds of activities that can be built into a rich and rewarding sailing experience This book will be helpful for people who would like to learn to sail but who are intimidated by the process particularly women fledgling sailors just starting out and families with children
