Katarina Horak,2012-06-22 Do you wake up each morning full of vitality and energy with a feeling of ease at the beginning of

a new day If this sounds unfamiliar your body may be harboring toxins Toxins pervade the environment They are in the food you eat in the water you drink in the air you breathe among many other sources Increased toxin levels are due to pollution of the environment chemical detergents in households and artificial additives in the food supply The human body is not capable of breaking down or expelling toxins without proper care As a result the number of people suffering from allergies or hypersensitivity to various substances is rising Besides the harmful effects to the body the mind can suffer too A fast paced society causes an increase in tension stress and mental exhaustion All this leads to a state of well being that is greatly lacking in the vitality it could have under optimal conditions Unhealthy eating habits only contribute to the situation When one overeats or chooses a bad combination of foods part of the food remains undigested This triggers putrefactive decomposition in the intestines accompanied by the production of toxins the poisonous substances which can be the originators of diseases To lose the extra pounds dieters often try to starve themselves with a regimen that is unbalanced and poor in nutrition These bodily abuses cause premature aging and a lack of energy and zest for life Surely everyone wants a high quality of life regardless of age and gender But can you make this a reality Just imagine if for the most part you were able to control your own state of being Few people realize how important healthy eating coupled with regular detoxification cleansing of the body really is Most have never tried to rid their bodies of accumulated poisons parasites and waste In fact it has been scientifically proven that the large intestine of an adult contains from three to five and in some cases up to 22 pounds of unmetabolized food sediment Is this because we are not ready to take responsibility for our best possible health The purpose of this book is to advise those who want to secure their health It will guide you on how to heal your body cleanse it of sediments mucus poisons parasites and excess weight naturally without any harm or stress One's quality of physical and mental activity not only depends on how regularly one cares for the outside of his or her body but also for the inside [Ancient Healing for Modern People: Food, Herbs & Essential Oils to Detox, Cleanse & Rejuvenate the Body, Mind & Soul](#) Michele Arnold-Pirtle, DACM, L.Ac., 2018-09-30 Western science along with Chinese Medicine both confirm that a healthy gut is necessary for our immune systems In addition there are more neurons in our gut than our brain and we also know the gut and its hormones affects our brain emotions and behavior Plus the musculoskeletal system depends on digestion for healthy movement and relaxation Our guts extract the vital nutrients we need from our food and drink to nourish our joints bones and muscles Begin with a 10 day essential body detox and gut restoration program using essential oil protocols and a healing rice congee porridge to release toxic buildup and kick start your metabolism This is a gentle way to cleanse the body's organs naturally responsible for detoxification such as the liver lungs colon kidneys and skin The essential oil protocols 10 day daily menu and food remedies provide support to help your organs function optimally so that they can do what they're supposed to do in metabolism and digestion They also contribute to the release of emotional and spiritual blockages Bring yourself back into balance
