A Better Future Jacqueline Bhabha, Wenona Giles, Faraaz Mahomed, 2020-09-17 Policy makers advocates and scholars have long concentrated on the importance of equal access to primary and secondary education as a foundation for a democratic and just society Despite the growing importance of higher and specialist education in an increasingly technological and skill focused global market tertiary education has attracted much less attention And yet universities and colleges are epicentres of egregious disparities in access which impinge on traditionally marginalized communities such as racial minorities migrants indigenous populations and people with disabilities By drawing attention to this issue and assembling first rate material from scholars and policy makers across the globe this book performs an invaluable service for those interested in understanding and fighting a highly significant violation of

educational opportunity and social justice **Responsibility of Higher Education Systems** ,2020-06-29 The evolving societal political and economic landscape has led to increased demands on higher education institutions to make their contribution and benefits to society more visible and in many cases with fewer public resources This book contributes to the understanding of the responsibilities of Higher Education and the challenges posed to the production and circulation of knowledge It raises questions about the role of higher education in society its responsibility towards students and staff and regarding its intended impact The book brings together a range of topical papers and a diversity of perspectives scientific investigations of reputed scholars critical evidence based papers of third space professionals and policymakers perspectives on the daily practice and management of higher education institutions and systems The variety of both content and contributors elevates the richness of the book and its relevance for a large audience Contributors are Victor M H Borden Lex Borghans Bruno Broucker Hamish Coates Gwilym Croucher Lisa Davidson Mark Engberg Philipp Friedrich Martina Gaisch Solomon Gebreyohans Gebru Ton Kallenberg Kathi A Ketcheson Lu Liu Alfredo Marra Clare Milsom Kenneth Moore Roberto Moscati Marjolein Muskens Daniela N meyer Attila Pausits Svetlana Shenderova Wafa Singh Chuanyi Wang Denyse Webbstock Gregory Wolniak and Jiale Yang See inside the book *Understanding Experiences of First Generation University Students* Amani Bell,Lorri J. Santamaría,2018-02-22 Over the past few decades universities have opened their doors to students whose parents and grandparents were historically excluded from societal participation and higher education for reasons associated with racial ethnic socio economic and or linguistic diversity Many of these students are first generation or first in their family to attend university While some progress has been made in responding to the needs of these internationally underserved learners many challenges remain This edited book features the unique and diverse experiences of first generation students as they transition into and engage with higher education whilst exploring ways in which universities might better serve these students With reference to culturally responsive and sustaining research methodologies undertaken in Australia Canada New Zealand South Africa the UK and the USA the contributors critically examine how these students demonstrate resilience within university and ways in which success and challenges are articulated Elements that are unique to context and shared across the international higher education milieu are explored The book is replete with diverse student voices and compelling implications for practice and future research The studies featured are centred on underlying theories of identity and intersectionality while valuing student voices and experiences Throughout the emphasis is on using strengths based indigenous and decolonised methodologies Through these culturally sustaining approaches which include critical incident technique participatory learning and action talanoa and narrative inquiry the book explores rich data on first generation student experiences at seven institutions in six countries across four continents

Corrupted Jonathan D Jansen,2023-02 Through investigatory reports and interviews Jonathan Jansen reveals the structural conditions for chronic dysfunction in a sample of South African universities He reveals the political economy at

work and the intense competition for resources on campuses He also provides interventions for these fragile institutions

Transforming Transformation in Research and Teaching at South African Universities Rob Pattman, Ronelle Carolissen, 2018-12-21 What is transformation in contemporary South African higher education How can it be facilitated through research and pedagogic practices These questions are addressed in this edited collection by established academics and emerging research students from nine South African universities The chapters give us access to students worlds how they construct experience and navigate their complex spheres on and off campus By engaging with students as knowledge producers we transform popular ways of thinking about race gender class sexuality disability and age as singular and natural markers of difference and diversity Rather than taking diversity as fixed and rooted in nature we explore how diversity is imagined and lived in particular contexts on and off campus

Youth In South Africa Ariane De Lannoy, Malose Langa, 2021-05-05 South Africa is characterised by a youthful population and the challenges and possibilities that characterise the young generation are both warning signs and beacons of hope for a nation founded on social justice Youth in South Africa Agency in visibility and national development takes stock of the nation s development as it affects young people Authors offer both personal and professional insights into the ways in which the youth navigate their own pathways to adulthood These include formal and informal engagements with politics as well as protest un employment entrepreneurship education religion experiences with sexuality and violence and a multitude of other life experiences Contributors paint a picture of the initiative agency and resilience of the youth as well as the challenges before them Authors also identify the state of waithood faced by those unable to make the transition out of youth into full adulthood as a result of their socio economic circumstances and political context By engaging these experiences and insights and primarily informed by the inputs of young people the authors highlight the limitations of existing youth policies and frameworks The case is made for policy instruments to be informed by the lived experiences of the youth as they navigate a complex macrosocial environment and by the messages the youth communicate about the limitations of current approaches

Breaking a Rainbow, Building a Nation Rekgotsofetse Chikane, 2018-10-01 Breaking a Rainbow Building a Nation is a first hand account of the university protests that gripped South Africa between 2015 and 2017 widely better known as the FeesMustFall Chikane outlines the nature of student politics in the country before during and after the emergence of MustFall politics exploring the political dynamics that informed and drove the student protests and the effect that these MustFall movements have had on the nature of youth politics in the country Chikane looks at how the current nature of youth politics is different from previous youth upheavals that have defined South Africa specifically due to the fact that the protests were being led by so called coconuts who are part of the black elite Breaking a Rainbow Building a Nation poses the provocative question can coconuts be trusted with the revolution

en mathématiques la cohomologie galoisienne est l'étude de l'action d'un groupe de galois sur certains groupes par des méthodes cohomologiques elle permet d'obtenir des résultats à la fois sur le groupe de galois agissant et sur le groupe sur lequel il agit en particulier le groupe de galois d'une extension de corps de nombres L/K agit naturellement par exemple sur le groupe multiplicatif L^\times mais aussi sur le groupe des unités de l'anneau des entiers du corps L ou sur son G -module des classes d'idéaux
galois cohomology wikipedia - Aug 14 2023

in mathematics galois cohomology is the study of the group cohomology of galois modules that is the application of homological algebra to modules for galois groups a galois group G associated to a field extension L/K acts in a natural way on some abelian groups for example those constructed directly from L but also through other galois representations that may be derived by more abstract means galois cohomology accounts for the way in which taking galois invariant elements fails
