Guide is a critical program in the effort to engage everyone in America in making their communities safer more prepared and
more resilient when incidents occur Community based preparedness planning allows you and others interested from your
community to prepare for and respond to anticipated disruptions and potential hazards following a disaster As individuals we
can prepare our homes and families to cope during that critical period Through pre event planning neighborhoods and
worksites can also work together to help reduce injuries loss of lives and property damage Neighborhood preparedness will
enhance the ability of individuals and neighborhoods to reduce their emergency needs and to manage their existing
resources until professional assistance becomes available The purpose of the CERT Basic Training is to provide you and
others in your community who complete this course with the basic skills that they will need to respond to their community s
immediate needs in the aftermath of a disaster when emergency services are not immediately available This course will be
beneficial to individuals who desire the skills and knowledge required to prepare for and respond to a disaster Instructors for
these community courses usually range from skilled fire and rescue instructors that have completed the CERT Train the
Trainer course and are knowledgeable about the CERT model different types of hazards that present greatest risks for
communities local building structures that may present greatest hazard in disaster events community s emergency operation
