Games Brian J. Robb, 2014-08-21 A comprehensive and compelling guide to Suzanne Collins's bestselling young adult dystopian trilogy *The Hunger Games* *Catching Fire* and *Mockingjay*. Already a publishing phenomenon to rival *Harry Potter*, over 50 million copies sold, the four blockbuster movies starring Jennifer Lawrence have grossed almost 3 billion dollars at the box office. Suzanne Collins has created a series of characters and situations that have struck a chord not only with the target audience of teenagers but which have also drawn in adult readers; the series is second only to *Harry Potter* in NPR's popular poll of the Top 100 Teen Novels. Robb explores themes in *The Hunger Games* and the influences and inspirations that lie behind the books, highlighting where Suzanne Collins has drawn on mythology and history, reshaping them to fit her universe. He examines the characters and situations created in the book and how these have impacted on the books' largely teen readership. He also looks at reactions to the books from fans and critics, both acclaim and criticisms faced by the author. Robb chronicles the adaptation of *The Hunger Games* from acclaimed best-selling novel to blockbusting film. With a script by Suzanne Collins herself, the film has made stars of Jennifer Lawrence as Collins' heroine Katniss Everdeen, Josh Hutcherson as Peeta Mellark, and Liam Hemsworth as Gale Hawthorne.

They must experience the same uncertainty of starting a new draft and then struggling to revise. As they learn to move past the fear of failure, they discover the nervous rush and exhilaration of sharing work with an audience, just as their students do. Only by engaging in the real work of writing can teachers become part of the writing community they dream of creating for their students. Kate Messner's new book *59 Reasons to Write* shows teachers and librarians who teach writing how to be stronger role models for their students. Writing for my students provided me with appropriate mentor texts to share, she writes.
