La contre-révolution islamique

Contrairement à ce qui a été prétendu jusqu'ici, la révolution iranienne de 1979 ne doit pas être envisagée comme une révolution classique.

En effet, celle-ci n'a jamais véritablement fondé un état social plus juste, mais seulement un grand mythe, un « âge d'or » où les premières années de l'islam. C'est en ce sens que Daniel Clairvaux, pour la première fois, qualifie cette « révolution » de contre-révolution, menée par Khomeiny afin d'imposer en Iran le « gouvernement d'Allah ».

Cet événement historique constitue la victoire dans un pays musulman de l'islamisme. Cette idéologie politique a entraîné un Iran fondé sur les valeurs religieuses. Elle fait prévaloir le primat des droits sur la souveraineté populaire et la liberté individuelle.

Analysant les fondements et les mécanismes de la théocratie iranienne, cet essai démontre que l'islamisme a entraîné la société iranienne à ses objectifs politiques, lesquels résultent d'une conception indubitablement totalitaire.

Conséquence d'une « république islamique » devant s'inscrire au monde entier dans un état social juste. La révolution iranienne constitue le droit d'unité et d'expansion de l'islam politique. Khomeiny peut donc être considéré comme le précurseur de la révolution islamique mondiale.

Daniel CLAIRVAUX est licencié en lettres modernes et a été enseignant en Iran de 1977 à 1979. Après avoir travaillé dans le privé, il est devenu journaliste des *Finances Publiques*. Il rédige actuellement un roman sur le période d'or du droit d'Iran.

The Iranian Revolution And The Muslim World David Menashri, 1990-10-30 *Islam and Dissent in Postrevolutionary Iran* Behrooz Ghamari-Tabrizi, 2008-04-08 The Islamic Republic of Iran came into being in 1979 the result of a radical revolution that overhauled not only the foundations of Iranian society religion and politics but also our understanding of the role of religion in modern government Here Behrooz Ghamari Tabrizi takes us on an enlightening journey showing that contrary to widespread assumptions the Iranian revolution opened up the public sphere to competing interpretations of Islam with profound consequences for the nature of democratic reform Ghamari Tabrizi sheds new light on the contingencies within which the new regime evolved and traces the steps by which the clerical establishment sought to consolidate power during the immediate postrevolutionary period Contrary to the received view he argues that the ruling class failed to institute a theocratic regime and more significantly unintentionally established the grounds for civic challenges to government policies underwritten by official interpretations of Islam Far from being the exclusive preserve of high ranking seminarians interpretations of doctrinal Islam in contemporary Iran now form a contested varied and negotiated discourse in which lay theologians intellectuals lawyers and social activists are active and influential interlocutors Against the background of this unexpected development Ghamari Tabrizi addresses the early and late works of Abdolkarim Soroush an Iranian philosopher who has become one of the most influential Muslim intellectuals in recent years a leading force behind Iran s pro democracy movement and vocal critic of the state Through a close reading of Soroush s evolving ideas and of the works of Ali Shari ati and by tracing the links between Muslim intellectual critique and the realpolitik of postrevolutionary power struggles Ghamari Tabrizi offers nothing less than a pathbreaking reassessment of the Iranian revolution In so doing he demonstrates how democratic transformation in Muslim societies has taken place by means of a public engagement with the teachings of Islam and highlights a most significant if unintended consequences of the Iranian revolution namely the secularization of Islam Drawing on a wealth of sources and with powerful insights *Islam and Dissent* is essential for an understanding of the Muslim world today and of the new relationships between religion culture and political power visible across the globe

Iran After the Revolution Saeed Rahnema, Sohrab Behdad, 1996-12-31 This book advances the argument that revivalist Islamic states in spite of their possible circumstantial variations share certain universal characteristics They are bound to undergo a prolonged period of crisis in the process of their self definition This crisis is the outcome of the confrontation between the populist forces with their populist utopian interpretation of Islam and the conservative alliance of privileged classes upholding Islam s defence of private property rights as sacred Such a confrontation is further accentuated by the antagonism of revivalist movements toward cultural patterns that do not conform to traditional Islamic values In this book leading authorities on Iran examine the characteristics of the 1979 revolution and the post revolutionary crisis to provide a unique analysis and appraisal of a nation s experimentation with Islam as a political catalyst and as a philosophy for

Radical Islam Ervand Abrahamian, 1989 Studie over de rol van de islamitisch marxistische groepering in de Iraanse revolutie

IRAN Morris Mottale, 1995 This book fulfills a need for a concise comprehensive work on the Iranian Islamic Revolution an event that has often been placed in the classificatory context of the greater and lesser revolutions of the 20th century The Iranian revolution in the late 20th century has acquired a special significance because of the rise of the so called Islamic fundamentalism The Iranian experience was the first political experiment to reflect this phenomenon and it is crucial for students of the subject to understand the details of Khomeini's experiment The revolution in Iran foreshadowed the clash between modernity and tradition that has now engulfed North Africa and the Middle East The phenomenon of Khomeini challenges many of the assumptions that have underlined theories and models of progress and development in the Western and non Western world Iran The Political Sociology of the Islamic Revolution brings this critical topic skillfully to the forefront

Theology of Discontent Hamid Dabashi, 2017-07-28 Scores of books and articles have been published addressing one or another aspect of the Islamic Revolution in Iran Missing from this body of scholarship however has been a comprehensive analysis of the intellectual and ideological cornerstones of one of the most dramatic revolutions in our time In this remarkable volume Hamid Dabashi brings together in a sustained and engagingly written narrative the leading revolutionaries who have shaped the ideological disposition of this cataclysmic event Dabashi has spent over ten years studying the writings in their original Persian and Arabic of the most influential Iranian clerics and thinkers Examining the revolutionary sentiments and ideas of such figures as Jalal Al-e Ahmad Ali Shari'ati Morteza Motahhari Sayyad Abolhasan Bani Sadr and finally the Ayatollah Khomeini the work also analyzes the larger historical and theoretical implications of any

construction of the Islamic Ideology Carefully located in the social and intellectual context of the four decades preceding the 1979 revolution *Theology of Discontent* is the definitive treatment of the ideological foundations of the Islamic Revolution with particular attention to the larger more enduring ramifications of this revolution for radical Islamic revivalism in the entire Muslim world This volume will be of interest to Islamicists Middle East historians and specialists as well as scholars and students of liberation theologies comparative religious revolutions and mass collective behavior Bruce Lawrence of Duke University calls this volume a superb and unprecedented study In brilliant figural strokes he arrays EuroAmerican sociological theory as the crucial backdrop of a deeper understanding of contemporary Iranian history

Six Theories about the Islamic Revolution's Victory Sadegh Haghighat,2000 *Islamic Iran* Asaf Hussain,1985 *Iran's Islamic Revolution* Suroosh Irfani,1983 An account and analysis of the Iranian Revolution of 1979 by an observer who lived in Iran for many years and was present at the time The author places the Revolution in the context of a history of the various progressive Islamic movements in Iran which he argues have been inspired by a radical interpretation of Islam *Reign Of The Ayatollahs* Shaul Bakhash,1984-11-04 Five years after the overthrow of the Pahlavi monarchy Iran remains convulsed by political upheaval and embroiled in international conflict Shock waves from the Iranian events have stirred unrest in the Middle East from Lebanon to Saudi Arabia fed Islamic revivalism elsewhere in the Islamic world and undermined the American position in this strategic region Meanwhile amid all this bewildering upheaval the revolution has given birth to the modern world s first quasi theocratic state run by orthodox clerics according to Islamic law This book is a riveting analysis of the Iranian revolution its economic religious and social turmoil and its international consequences

The Mystery of Contemporary Iran Mahnaz Shirali,2014-10-07 The mystery of how an Islamic dictatorship came to power remains more than thirty years after the Islamic Republic s inception in Iran The precise nature of a regime that calls itself both a republic and Islamic but is neither is little understood The ayatollahs unpopularity may have reached unprecedented heights but their power seems more secure Such paradoxes weigh heavily and judgments diverge While public opinion wonders how an archaic theocratic regime could survive so long some explain it in terms of Iran s continued modernization and the clergy s ability to reconcile itself with politics Understanding the modernization process propelled by the Constitutional Revolution is difficult and raises questions How and why could ideological Islam continue to dominate Iranian society since the late 1970s How did it gain power and influence and overcome the reforms molded by the Constitutional Revolution Mahnaz Shirali analyzes twentieth century Iranian history to understand the Shiite clergy s role in a modernized country s social and political organization She explains what enabled the clergy to take over prevailing political forces and gain control of the state Studying Iran s history for the past one hundred years reveals the force of a religious conservatism opposing political modernity repelling any attempt at democracy by Iranians thanks to its constant metamorphoses Shirali studies the curse of the Shiite clergy on political modernity It is a convincing in depth criticism of the ideological Islam imposed on Iran *Islám*

in *Iran* Mir Ali Asghar Montazam, 2003 The Flourishing of Islamic Reformism in Iran Seyed Mohammad Ali Taghavi, 2004-11-26 During the 1940s and 1950s Islamic reformism flourished in Iran This book examines how Iranian Islamic groups came to rethink traditional accounts of religion and nurture a politicized version of Islam The author shows how similar social and political circumstances but different family and educational backgrounds gave rise to socialist democratic scientific and fundamentalist militant reinterpretations of Islam What was common among these groups was a tendency towards politicizing the religion A significant contribution to discussions of contemporary political thought in Iran this book will be of interest to researchers and academics of Islamic political thought and Iranian politics and history *The Making Of Iran's Islamic Revolution* Mohsen M Milani, 2018-03-09 In this fully revised and expanded second edition Dr Milani offers new insights into the causes and profound consequences of Iran's Islamic Revolution Drawing on dozens of personal interviews with the officials of the Islamic Republic and on recently released documents he presents a provocative analysis of the dynamics and characteristics of factional politics in Islamic Iran Among the new issues covered are the events leading up to the Teheran hostage crisis Ayatollah Khomeini's life and writings President Rafsanjani's activities against the Shah Rafsanjani's recent reforms Iran's involvement in the Kuwaiti crisis and the domestic and foreign policy challenges facing Iran in the post Cold War era The second edition is specifically revised for use as a text for courses dealing with Iran the Middle East and revolutionary movements **From Zarathustra to Khomeini** Manochehr Dorraj, 1990 Shedding new light on the sources and character of Iran's 1979 Revolution Manochehr Dorraj explores the genesis and development of popular movements and dissent in Iranian history Dorraj draws on Iran's pre Islamic religious culture and on its legacy of Islamic folk heroes and the millenarian movements as well as on more recent history to illuminate current events His investigation of the peculiarities of Islam of populism and of Iranian social development is a major contribution to the ongoing debate regarding the essence of the Iranian revolution and more generally the political dynamics underlying social change in the Middle East

Anthropologie de la révolution iranienne Farhad Khosrokhavar, 1997-01-01 Ce travail entend proposer une interprétation anthropologique de la révolution islamique en Iran Comment les thématiques révolutionnaires se sont-elles transcrites dans un idiome islamiste comment les formes de mobilisation sociale ont-elles pu se définir dans un registre religieux Ces phénomènes ne se limitent nullement au cas iranien même si la spécificité chiite ne doit pas être perdue de vue Dans de nombreuses régions où l'islam est la religion dominante des processus similaires sont en œuvre qui donnent un sens révolutionnaire à l'islam et un sens islamique à la révolution Des mots d'ordre comme l'unité révolutionnaire la prise de conscience politique la libération du joug d'un pouvoir oppressif la lutte contre l'injustice sociale et le rejet de l'Occident se traduisent aisément selon l'idiome islamiste en faisant appel à l'unité d'une communauté musulmane mythique la justice islamique la djihad la lutte contre les orgueilleux *mostakb rin* et au combat contre la Superbe mondiale est *kb r djah ni* l'équivalent islamiste de l'impérialisme La conscience des jeunes acteurs révolutionnaires est en même temps le siège d'un appel à la modernité qui devient en pleine crise

volutionnaire la surenchère dans la radicalisation jusqu'à la mort on aspire au martyr Ces faits s'inscrivent dans un malaise urbain qui par sa perpétuation après la révolution contribue à saper la légitimité de l'islamisme révolutionnaire Des sentiments comme la peur ou des motifs comme faire la révolution ensemble s'en trouvent profondément transformés chez les jeunes L'anthropologie de la révolution iranienne rend intelligible jusqu'à leur différence des mouvements comme l'islamisme radical en Algérie ou dans d'autres régions où cette forme de mobilisation a le vent en poupe Islam Without Allah? Colin Turner, 2014-07-17 This ground breaking and controversial work locates the antecedents of today's Islamic fundamentalism in 16th and 17th century Iran and the forced conversion of the Sunnite population of Iran to the largely alien doctrines of Twelver Shi'ism the concomitant extirpation of Sufism and philosophy and the gradual rise of the faqih or jurist
