Joyfully Sharing The Gospel An Introduction To Evangelii Gaudium:

Joyfully Sharing the Gospel Desmond O'Donnell, 2014 Something of great significance is taking place in the Catholic Church. A new man Pope Francis has been chosen as the bishop of Rome to lead the universal church. In *Joyfully Sharing the Gospel* his first apostolic exhortation Pope Francis has issued a powerful call to all Christians reminding us of our common mission and our common faith. He proclaims that joy is the first and irreplaceable response to the Gospel, the message of Jesus, and for a church whose doors should always be open.

The Joy of Believing: The Vision and Relevance of Lumen fidei and Evangelii gaudium in Indian Context Babu Joseph Kalathil, 2015-02-01 Religion and theology became an occult science for many and belief in the values of life that religions proclaim turned to be useless and void. The handing on of the faith has become a deep crisis and a problematic today and has turned to be a burning issue for the contemporary Church. What is necessary in the contemporary culture is to develop a counter culture that passionately understands the love of God and sharing it passionately and joyfully with the fellow humans and the world around us. We need a counter culture of sharing the truth and love which is God. Pope Francis' message is none other than this. He exhorts for a missionary renewal in the Church and to have a new theological outlook that leads the Church to be a Church of the poor, a counter culture of compassionate and tender love. When it comes to India, the Church, a minority in number, faces a lot of challenges in its practice and proclamation of faith. Globalization and the new economic reforms badly affected the Indian culture which is turning to be secular as well as fundamentalist. With a weak presence in many areas, the Church in India is struggling to make its presence felt in the nation. Here, the author is making an attempt to understand the joyful sharing of the Gospel in the Indian context in the light of the first two documents of Pope Francis. The author discusses the challenges and ways to face the challenges to be truthful by being in love and faith. It will provide a clear understanding to live the faith relying upon God's providence and mercy and will enable the Church to work for the holistic development of humanity.

Online Pre-Evangelization Michael Rossmann, 2025-02-12 Christians seeking to evangelize face innumerable challenges. Many people see the Good News as neither good nor newsworthy. Religious indifference runs rampant. Trust in institutions is low. Previous methods of transmitting faith no longer have the same impact in a changed cultural landscape. Young adults are particularly hard for the Church to reach. Many efforts at evangelization will remain ineffective at reaching most religious nones without significant preparation or pre-evangelization. This process involves patiently tilling the soil to build the necessary trust, curiosity, and openness so that the Gospel message may take root. New media play a crucial role in this work of pre-evangelization. While recognizing the concerning aspects of the digital landscape and the need for embodied community, this book takes a positive approach to leveraging media for evangelization to prepare the way of the Lord today.
