through shared directors inter board and managers inter department at various levels whole aggregate core vs peripheral companies and distribution by country and sector Presenting an empirical case study on all the limited liability or stock companies of the aerospace industry in the European Union and its interlock partners worldwide the authors shed new light on these forms of coordination Moreover they reveal the relevance of shared managers coordination and hybrid manager director interlocks The book applies advanced statistical and social network analysis alike by combining firms attributes e g standard economic financial parameters and topological indices for firms e g centrality and cluster measures By conducting the analysis at both the aggregate network level and the cluster or corporate group level the authors show how extensive and intensive the interlock forms of coordination are especially when dealing with shared managers By testing seven hypotheses concerning the research stream on board interlocks and more broadly inter firm networks the study offers new insights into the role of the financial sector on the relations between interlock coordination and firms performance on the role of geographical technological and organizational proximity and on the relations between interlock coordination and firms size As such this book will appeal to scholars of organization studies business and management studies industrial and evolutionary economics and economic sociology as well as officers and policymakers at anti trust regulation institutions

Enhancing Inter-Firm Networks & Interorganizational Strategies Anthony F. Buono, 2003-07-01 The focus of this volume is on the myriad dynamics associated with these interorganizational ventures Emphasis is placed on 1 understanding the nature of these different interorganizational forms and 2 ways to enhance their effectiveness creating and sustaining complex problem solving capabilities and collaborative tendencies in a multiorganizational environment While the orientation of many of the initiatives and interventions in this volume reflects a traditional organization development OD focus emphasis is placed on working across organizational interfaces attempting to create the capacity and systemic potential for greater interorganizational learning and performance rather than releasing human potential solely within an organization see e.g. Cummings 1984 Consultants and researchers in this realm thus focus on spanning organizations creating and modifying networks of participants that 1 have a stake in particular interorganizational outcomes and 2 depend on those inter firm relationships and networks to accomplish their goals **Interfirm Networks** Josef Windsperger, Gérard Cliquet, Thomas Ehrmann, Georg Hendrikse, 2014-12-01 The organization of interfirm networks such as alliances cooperatives franchise and retail chains has become an important research topic in the field of economics marketing strategic management and organization theory This book contributes to the literature on formal and informal inter organizational governance by providing new insights on contract design ownership evolution of cooperation role of social capital and performance in franchising networks includes topics of loyalty reputation and organizational form as well as performance of cooperatives and discusses the relationship between formal and relational governance in alliances governance structures of innovation Interfirm Business-to-Business activities dynamics of interfirm conflicts and network externalities and alliance formation

Networks Roger Baxter, Arch G. Woodside, 2011-07-25 The three papers in Volume 17 report new theory and in depth descriptions of interfirm network behavior Each paper includes extensive reviews of the relevant literature on interfirm network behavior as well as data analysis using empirical positivistic and or case study research methods **Inter-firm** Collaboration, Learning and Networks** B. Nooteboom, 2004 Inter firm relations are not new But fast developments in technology and globalization have led to increased opportunities for international alliances and an upsurge in the interest in inter organizational relations With the time ripe for a unified theory of collaboration Inter firm Collaboration Learning and Networks surveys the current field connects differing perspectives and answers questions about who should collaborate why and how Emphasizing learning and innovation this book offers an integrated account of the key issues in the design and management of inter firm relations and networks It takes a uniquely interdisciplinary approach bringing together perspectives from economics sociology and management to offer a new kind of book on this subject Supporting theory the book includes illustrative case examples taken from a variety of firm network and industry types Coherent and wide reaching Inter firm Collaboration Learning and Networks provides students and academics in economics business sociology social psychology and economic geography with the tools required to understand this topical and highly relevant subject

Organizational Culture, Business-to-Business Relationships, and Interfirm Networks Arch G.
