Manual For Ecological Design:

Ecodesign Ken Yeang, 2008-05-27 You will find clear instructions on how to design build and use a green sustainable architecture in Ecodesign Author Ken Yeang will show you how to produce and maintain ecosystem like structures and systems whose content and outputs not only integrate benignly with the natural environment but whose built form and systems function with sensitivity to the locality's ecology as well in relation to global biospheric processes He will help you learn to develop structures and systems that are low consumers of non renewable resources built with materials that have low ecological consequences and are designed to facilitate disassembly continuous reuse and recycling and that at the end of their useful lives can be reintegrated seamlessly back into the natural environment Each of these aspects and other attendant ones is examined in detail with regards to how they influence design and planning *Ecological Design, Tenth Anniversary Edition* Sim Van der Ryn, Stuart Cowan, 2013-03-05 Ecological Design is a landmark volume that helped usher in an exciting new era in green design and sustainability planning Since its initial publication in 1996 the book has been critically important in sparking dialogue and triggering collaboration across spatial scales and design professions in pursuit of buildings products and landscapes with radically decreased environmental impacts This 10th anniversary edition makes the work available to a new generation of practitioners and thinkers concerned with moving our society onto a more sustainable path Using examples from architecture industrial ecology sustainable agriculture ecological wastewater treatment and many other fields Ecological Design provides a framework for integrating human design with living systems Drawing on complex systems ecology and early examples of green building and design the book challenges us to go further creating buildings infrastructures and landscapes that are truly restorative rather than merely diminishing the rate at which things are getting worse **The Ecological Design Handbook** Fred A. Stitt, 1999-06-14 A collection of green writings which provide an overview of ecological design in architecture and planning **Sustainable Construction** Charles J. Kibert, 2008 Sustainable Construction uses the latest US Green Building Council's Leadership in Energy and Environmental Design standard to explain the best practices in building procurement and delivery systems Subway Environmental Design Handbook Transit Development Corporation, 1975 **The Routledge Companion to Ecological Design Thinking** Mitra Kanaani, 2022-08-31 This companion investigates the ways in which designers architects and planners address ecology through the built environment by integrating ecological ideas and ecological thinking into discussions of urbanism society culture and design Exploring the innovation of materials habitats landscapes and infrastructures it furthers novel ecotopian ideas and ways of living including human made settings on water in outer space and in extreme environments and climatic conditions Chapters of this extensive collection on ecotopian design are grouped under five different ecological perspectives design manifestos and ecological theories anthropocentric transformative design concepts design connectivity climatic design and social design Contributors provide plausible sustainable design ideas that promote resiliency health and well

being for all living things while taking our changing lifestyles into consideration This volume encourages creative thinking in the face of ongoing environmental damage with a view to making design decisions in the interest of the planet and its inhabitants With contributions from over 79 expert practitioners educators scientists researchers and theoreticians as well as planners architects and engineers from the U S Canada Europe and Asia this book engages theory history technology engineering and science as well as the human aspects of ecotopian design thinking and its implications for the outlook of the planet
