2006 Questions and Philosophical Thoughts Errol A. Gibbs,Philip A. Grey,2006-10-01 2006 Questions and Philosophical Thoughts A Chronological Listing of Verses taken from FFHD 2006 Questions and Philosophical Thoughts A Chronological Listing of Verses taken from the authors main text Five Foundations of Human Development FFHD It is their way of presenting their primary text to readers in a new and innovative Reading by Verses format This simple to comprehend Body of Knowledge unique analytical compelling and philosophical helps the reader to better understand that human beings are not helpless bystanders watching the past unfold in the present The authors postulate that we are capable of making new history enabled by God s Spiritual Intelligence when we seek it to illuminate our path and guide us Despite the human genius and our scientific progress of the past century nations still struggle to find peaceful co existence Without God s guidance our capacity to exercise patience tolerance and self control will diminish in light of increasing global competition for the world s finite resources Our 21st century visionary leaders have ushered us into the global village unprepared Our vision of a global village could become another fleeting illusion in our eternal quest to govern ourselves and engender hope for all humanity The authors urge the reader not to dismiss this frame of reference as mere idealism Gibbs and Grey predicate their hope for a better world on new understandings of the great inspirational religious enlightenment and philosophical learning discerned from the teachings of Jesus Christ and the great prophets The authors take the reader on an unforgettable journey of discovery of a new hope for humanity with new knowledge to illuminate our path and guide us Their work is nonetheless only a minor contribution to the vast Body of Knowledge penned by notable philosophical giants of yesteryear and the modern age The authors stand on the shoulders of these giants as they PAN take a panoramic view of the 21st century and the new millennium with new hope and optimism for the future of our world Genre Christianity Religion Inspirational Religion

Enlightenment Philosophy General **The Politics of Manhood** Michael Kimmel, 2009 A much needed often startling debate on the personal and political dimensions of masculinity *Books in Print Supplement* ,1985 Why Men Hate Going to Church David Murrow, 2023-08-22 Church is boring It s irrelevant It s full of hypocrites You ve heard the excuses now learn the real reasons men and boys are fleeing churches of every kind all over the world and what we can do about it Women comprise more than 60% of the adults in a typical worship service in America Some overseas congregations report ten women for every man in attendance Men are less likely to lead volunteer and give in the church They pray less share their faith less and read the Bible less In Why Men Hate Going to Church David Murrow identifies the barriers keeping many men from going to church explains why it s so hard to motivate the men who do attend and also takes you inside several fast growing congregations that are winning the hearts of men and boys In this completely revised reorganized and rewritten edition of the classic book with more than 70 percent new content explore topics like The increase and decrease in male church attendance during the past 500 years Why Christian churches are more feminine even though men are often still the leaders The difference between the type of God men and women like to worship The lack of volunteering and ministry opportunities for men The benefits men get from attending church regularly Men need the church but more importantly the church needs men The presence of enthusiastic men is one of the surest predictors of church health growth giving and expansion Why Men Hate Going to Church does not call men back to church it calls the church back to men Promise Keepers and the New Masculinity Rhys H. Williams, 2001-01-01 This collection of essays explores the varied sometimes contradictory and often misapprehended nature of the Promise Keepers The various media portrayals of this group do not adequately address important questions about their significance for American religious social and cultural life Is this movement anti feminist or are the men involved using their faith to become more responsible husbands and fathers Is this a political movement or just another example of an American religious revival Using interviews surveys and on site participations the scholars writing here find little truth in the popular depictions of Promise Keepers In fact they demonstrate how this group represents a variety of templates that contemporary American culture brings to religion as a general social phenomenon The volume examines the ways religion affects social movements and also puts the current interest in men and masculinity in a larger historical context of changing gender roles As a phenomenon that strikes right at the intersection of religion gender racial relations public life and national identity Promise Keepers will be provocative reading for students scholars and educated readers alike
