La Conception Materialiste De La Question Juive

J Dewey

La Conception Materialiste De La Question Juive:

La Conception Materialiste de la Question Juive, 2007 Conception matérialiste de la question juive Abraham Léon, 1946 Abraham Léon était un penseur juif et un militant communiste connu pour son ouvrage *La Conception matérialiste de la question juive* publié en 1946. Dans ce livre, Léon aborde la question juive à travers le prisme du matérialisme historique, une approche qui analyse les phénomènes sociaux et historiques en fonction des conditions matérielles et économiques. Léon soutient que la condition des Juifs ne peut être comprise sans tenir compte des structures économiques et des rapports de classe. Il critique les approches idéalistes qui se concentrent uniquement sur des aspects culturels ou religieux, arguant que l'antisémitisme et la situation des Juifs sont profondément enracinés dans les dynamiques économiques et sociales. Son travail est souvent cité dans les discussions sur le sionisme, l'antisémitisme et le rôle des Juifs dans la société capitaliste. Léon plaide pour une compréhension de la question juive qui dépasse les stéréotypes et les préjugés en mettant l'accent sur la lutte des classes et les conditions matérielles qui influencent la vie des Juifs.

La Conception matérialiste de la question juive Abraham Léon, 1968 La conception matérialiste de la question juive Abraham Léon, 2021-02-06 *La Conception matérialiste de la question juive* est un ouvrage d'Abraham Léon. C'est un ensemble de notes écrites entre 1940 et 1944. C'est une analyse marxiste de l'histoire du judaïsme et du sionisme. Il fait un lien entre la situation socio-économique des Juifs au long de leur histoire et une critique vigoureuse du sionisme. Il a une approche matérialiste du fait religieux et refuse de considérer le judaïsme comme autre chose que l'expression de la position économique des Juifs dans le système de production pré-capitaliste puis capitaliste. Son analyse historique des persécutions antisémites et du sionisme fait encore autorité auprès des marxistes. La question juive est sans doute l'un des domaines privilégiés du dilettantisme idéologique mythificateur. La passivité et parfois la complicité des meilleurs spécialistes de l'histoire juive face aux mythes du nationalisme idéologique ont eu des conséquences graves dans le passé. Il y a tout lieu de craindre que les conséquences ne soient encore pires dans l'avenir. C'est le mérite d'Abraham Léon d'avoir rompu avec toute une théorisation naïve et absurde. Il est l'un des rares et le premier à avoir pensé la condition juive dans ses structures et son devenir et expliqué le judaïsme par l'histoire et non en dehors de l'histoire. Mort vingt-six ans après Auschwitz, le juif polonais Abraham Léon fut d'abord et très vite un ardent militant de la jeunesse socialiste sioniste. Hachomer Hazair en Belgique, où sa famille sioniste et petite bourgeoise se fixa dès 1928 après un court séjour en Palestine. Attiré par le trotskysme dès 1936, il prend définitivement position lors des procès de Moscou et devint résolument trotskyste tout en restant profondément attaché au sionisme. Mais cette situation posait des problèmes difficiles. Cherchant une justification marxiste de ses idées sionistes, Léon remit peu à peu tout en question. Malgré les conditions terribles de la Résistance belge sous l'occupation allemande et les tâches très lourdes qu'il assumait au sein du mouvement trotskyste, l'histoire duquel sa propre histoire se confond, il put rassembler une riche documentation suffisamment soignée pour constituer tout le passé des Juifs. Léon trouva dans le rôle social des Juifs l'explication de la religion et de la conservation des Juifs et il labora la théorie du peuple classe d'argent.

re par Marx et Max Weber est indispensable la compréhension du rôle passé et présent des Juifs et la découverte d'une solution leur mise en condamnation sans réserve son activité passée. On conclut que dans le cadre du capitalisme d'aujourd'hui aucune solution de la question juive n'est possible et que le sionisme idéologie petite bourgeoise de l'époque impérialiste est condamné à devenir un instrument du capitalisme mondial. Des textes inédits d'Isaac Deutscher sur la question juive en URSS et de Léon Trotsky complètent la rédaction de cet ouvrage dont Maxime Rodinson a bien voulu assurer la présentation et vérifier toutes les références et données historiques ce que l'auteur disparu prématurément n'avait pu faire la première édition datant de 1946.

La Conception Matérialiste de la Question Juive (1942) Léon Abraham, 2018-04-24 Chapitre 1 Les Bases d'une étude scientifique de l'histoire juive. L'étude scientifique de l'histoire juive n'a pas encore dépassé le stade de l'improvisation idéologique. Tandis que le champ de l'histoire générale a été conquis en grande partie par la conception matérialiste tandis que les historiens sérieux se sont hardiment engagés dans la voie de Marx l'histoire juive demeure le terrain de prédilection des chercheurs de dieu de toute espèce. C'est un des seuls domaines historiques où les préjugés idéalistes sont parvenus à s'imposer et se maintenir dans une mesure aussi tendue. Que de papier n'a-t-on pas noirci pour célébrer le fameux miracle juif. Etrange spectacle que celui de ces hommes qui pour conserver le dépôt sacré de leur foi bravaient les persécutions et le martyre dit BEDARRIDE. La conservation des Juifs est expliquée par tous les historiens comme le résultat de la fidélité qu'ils ont tenu à travers des siècles leur religion ou leur nationalité. Les divergences ne commencent à se manifester entre eux que lorsqu'il s'agit de définir le but pour lequel les Juifs se sont conservés la raison de leur résistance à l'assimilation. Certains se plaçant au point de vue religieux parlent du dépôt sacré de leur foi d'autres tels DOUBNOV défendent la théorie de l'attachement à l'idée nationale. Il faut chercher les causes du phénomène historique de la conservation du peuple juif dans sa force spirituelle nationale dans sa base éthique et dans le principe monothéiste qui parvient ainsi à concilier les divers points de vue des historiens idéalistes. Mais s'il est possible de concilier les théories idéalistes il serait vain de vouloir trouver un terrain de conciliation entre ces mêmes théories et les règles élémentaires de la science historique. *Sur la conception matérialiste de la question juive*, 1971.
