Blaise Cendrars by Amanda Leamon is currently one of the few studies on the modernist poet and novelist Blaise Cendrars to
be written in English Of interest to scholars of Cendrars Modernism Twentieth Century French Literature and early
Twentieth Century Art and Humanities *Shades of Sexuality* is unique among the growing body of criticism and analysis of
Cendrars fiction in that it explores the ways in which Cendrars makes use of the spectrum of fragmented colors and other
elements of disguise and trompe l'oeil both as an artistic device in the construction of the fictional tekst and as a recurrent
motif in the representation and exploration of the male subject and his relation to woman The author demonstrates how
Cendrars effects intersections of gender in the tekst through the manipulation of colors and their associations with femininity
ultimately undermining the illusory fa ade of male autonomy which dominates his fictional corpus **The Keyed Bugle**
Ralph Thomas Dudgeon, 2004 This new edition of *The Keyed Bugle* is an expansion rather than a revision of the first edition
The performance practice discussion has been extended to cater to the needs of the reader who wishes to learn the
instrument All chapters contain new information and the chapters on Performers Makers and Sellers have been extensively
expanded An additional chapter offers an explanation of the peculiarly distinct acoustics of keyed bugles and provides an
analysis of construction styles employed by particular makers After closely researching instruments that have been
documented by the signatures of specific firms and comparing them with unmarked examples the author enables readers to
make confident observations on the nature of regional and manufacturer s styles The new research in this area provides the
groundwork for informed speculation about the origins of undocumented keyed bugles This work puts the best of current
research on the instrument into book form and provides the collector performer and serious music student with a clear
