

MATTER STUDY GUIDE

Everything on earth is made of matter.

Matter is everywhere!

There are 3 states of matter.

Students need to be able to name the three states and give an example of each!

Solid	Liquid	Gas
A solid has its own shape.	Liquids do not have a shape. They take the shape of their container.	Gases have no shape. They fill the container they are in.
<u>Examples:</u> 	<u>Examples:</u> 	<u>Examples:</u> 

Water can be all three states of matter.

Water as a Solid	Water as a Liquid	Water as a Gas
ICE 	WATER 	WATER VAPOR 

Properties describe matter, how it looks and feels.

Properties can be color, shape, size and texture.

Students should understand matter can change by:

Tearing 	Dissolving 	Melting 	Squeezing 
--	---	--	--

Matter Study Guide Middle School
