Security Systems and Intruder Alarms Vivian Capel, 1999-05-05. An alarm system and total security coverage is today essential for every factory, business and shop. This book is a comprehensive guide to evaluating security needs, planning and purchasing a system and managing a security system. It is essential reading for business managers, premises managers, shop owners, shopping centre managers and security professionals. As well as a complete guide to alarm systems including their installation, Vivian Capel explores all areas of security that should concern businesses encompassing fire, fraud, liability claims, shoplifting, violence to staff and computer crime. The second edition is a long-awaited revision that brings this popular guide up to date with the latest technology and recent developments in security strategy such as the applications of CCTV. In addition, a case study has been added which provides the reader with an opportunity to test their own knowledge and judgement; solutions are provided at the end of the chapter. New edition contains new information to bring this popular title up to date with latest developments. Excellent reference guide for security professionals, general managers, shop owners, etc. Useful for students following the relevant NVQ programmes from SITO.
