TROISIÈME ÉDITION

REPÈRES SCIENCES POLITIQUES • DROIT

«On retiendra du livre l'efficacité d'une démonstration qui navigue entre visions enchantées et visions catastrophistes de la communication politique, évitant de sombrer dans les idées reçues, avec un point de vue sociologique dont on ne peut que constater la pertinence.»

## **La Communication Politique Science Politique:**

**Introduction à la communication politique** Philippe Aldrin ,Nicolas Hubé,2017-09-11 Dans la conquête comme dans l'exercice du pouvoir la communication occupe aujourd'hui une place cruciale. Chaînes d'information continue, réseaux sociaux, cotes de popularité, emballements médiatiques et stratégies d'influence des groupes de pression sont le nouvel horizon de l'activité politique. Si l'éloquence et le maniement ritualisé des symboles y sont toujours de mise, bien communiquer est devenu un impératif absolu dans les sociétés de l'information voire de la surinformation. Ce manuel expose tout d'abord le mouvement historique au terme duquel l'espace public, les médias de masse et la mesure de l'opinion sont devenus un enjeu central du jeu politique. En s'attachant à les remettre en contexte, il présente ensuite les évolutions d'une science de la communication politique née au croisement de la recherche universitaire, de la publicité des affaires politiques et de l'économie des médias. Enfin, il propose de suivre l'invention puis la consécration de nouveaux métiers. Des spin doctors aux community managers dans la division du travail politique. Ponctué de définitions claires et d'exemples nombreux, cet ouvrage l'approche inédite donne toutes les clés pour comprendre les formes historiques et immédiatement contemporaines de la communication politique. 4<sup>me</sup> de couverture

**La communication politique** Jacques Gerstlé,2008 La politique est largement devenue affaire de communication. Naguère encore rejetée du côté des procédés peu avouables de la conquête des lecteurs, celle-ci apparaît aujourd'hui comme une exigence des citoyens. Mais derrière ce succès apparent, son application à l'espace politique reste très problématique. Après un rappel des grandes théories et approches qui ont structuré le domaine, Jacques Gerstlé fournit les clés d'analyse et d'évaluation des stratégies de communication en temps de campagne, comme dans l'exercice du pouvoir. Entirement mis à jour pour cette seconde édition, l'ouvrage étudie aussi les comportements des citoyens, ainsi que les perspectives de démocratisation de la communication. Il intéressera principalement tous les étudiants en sociologie, communication, sciences politiques, mais aussi tous ceux qui cherchent à comprendre les rapports entre communication et politique.

[The Oxford Handbook of French Politics](#) Robert Elgie,Emiliano Grossman,Amy Mazur,2016 The Oxford Handbook of French Politics provides a comprehensive and comparative overview of the French political system through the lens of political science. The Handbook is organized into three parts: the first part identifies foundational concepts for the French case, including chapters on republicanism and social welfare; the second part focuses on thematic large-scale processes such as identity, governance, and globalization; while the third part examines a wide range of issues relating to substantive politics and policy, among which are chapters on political representation, political culture, social movements, economic policy, gender policy, and defense and security policy. The volume brings together established and emerging scholars and seeks to examine the French political system from a comparative perspective. The contributors provide a state-of-the-art review both of the comparative scholarly literature and the study of the French case, making The Oxford Handbook of French Politics an invaluable resource for anyone interested in the foundations of contemporary political life in France.
