La Duchesse De Berry:

The New Biography Jo Burr Margadant, 2000-09-04 This collection offers new perspectives on the lives of eight famous women in nineteenth century France Their stories are used as a starting point through which the contributing authors experiment with what is called the new biography A Princess of Adventure, Marie Caroline, Duchess de Berry Hugh Noel Williams, 1911 Monthly Bulletin San Francisco (Calif.). Free Public Library, 1900 The Betrayal of the Duchess Maurice Samuels, 2020-04-14 Fighting to reclaim the French crown for the Bourbons the duchesse de Berry faces betrayal at the hands of one of her closest advisors in this dramatic history of power and revolution The year was 1832 a cholera pandemic raged and the French royal family was in exile driven out by yet another revolution From a drafty Scottish castle the duchesse de Berry the mother of the eleven year old heir to the throne hatched a plot to restore the Bourbon dynasty For months she commanded a guerilla army and evaded capture by disguising herself as a man But soon she was betrayed by her trusted advisor Simon Deutz the son of France s Chief Rabbi The betrayal became a cause célèbre for Bourbon loyalists and ignited a firestorm of hate against France s Jews By blaming an entire people for the actions of a single man the duchess s supporters set the terms for the century of antisemitism that followed Brimming with intrigue and lush detail The Betrayal of the Duchess is the riveting story of a high spirited woman the charming but volatile young man who double crossed her and the birth of one of the modern world s most deadly forms of hatred EndFragment **La Princesse captive. [i.e. Jean Marie Lucas de Pesloüan.]), 1925 *Annual Report* Providence Athenaeum, 1887 **Memoirs of Louis the Fourteenth** Duke of Saint-Simon, 2017-12-13 No library of Court documents could pretend to be representative which ignored the famous Memoirs of the Duc de Saint Simon They stand by universal consent at the head of French historical papers and are the one great source from which all historians derive their insight into the closing years of the reign of the Grand Monarch Louis XIV whom the author shows to be anything but grand and of the Regency **The Memoirs of François René, Vicomte de Chateaubriand, Sometime Ambassador to England** François-René vicomte de Chateaubriand, Alexander Teixeira de Mattos, 1902 French Royal Women during the Restoration and July Monarchy Heta Aali, 2021-06-10 This book examines public discussions around France s four most prominent royal women during the first and second Restoration and July Monarchy the duchesse d Angoulême the duchesse de Berry Queen of the French Marie Amélie and Adélaïde d Orléans These were the most powerful women of the last decades of the French monarchy but the new roles women were assigned in post revolutionary France did not permit them to openly exercise political influence This book explores continuities and variations in narratives of royal legitimacy and how historians authors and politicians used national history particularly medieval and early modern history to either legitimize or undermine the French monarchy and to define women s social and political roles Sketches of Otolhistory J. E. Hawkins, J. Schacht, 2008-01-14 The Sketches of Otolhistory paint a fascinating picture of otology from its incipency in the

ancient circum Mediterranean civilizations through the 19th century rise of aural surgery and inner ear anatomy to the modern world Although scholarly researched the Sketches of Otohistory are not an accumulation of dry facts and dates Rather they are delightful vignettes on particularly significant developments portraying individual contributors their lives and work as well as presenting important entities in today s research and practice such as those of noise trauma drug induced hearing loss and presbycusis Further this portrait of Western medicine is complemented by a historical account of otology in traditional Eastern medicine The articles are handsomely illustrated with remarkable plates from works of some of the early pioneers of inner ear anatomy and physiology This engagingly written and enlightening book will be valuable and enjoyable reading for anyone interested in the roots of otolaryngology and its research *The memoirs of the duke of Saint Simon, abridged from the Fr. by B.
