La Grande Mutation:

The Return of Religion in France E. McCaffrey, 2009-05-07 The author examines how social change and philosophical crisis in the 1980s created the conditions for the return of religion to contemporary French intellectual life It highlights a critical conjuncture in recent French history when religion was revitalized in French secularism as an expression of individual identity , The Astrological Works of Jean Thenaud Nicolae Alexandru Virastau, 2025-05-01 This critical edition highlights the astrological writings of Jean Thenaud a sixteenth century astrologer at the French court who served Louise of Savoy and her son King Francis I Thenaud s works provide a rare glimpse into the intense fascination with astrology at the Renaissance court particularly during the crisis of 1524 when planetary conjunctions led to widespread fears of floods and natural disasters By creatively incorporating Lucian of Samosata s dialogues Thenaud also crafted one of the earliest cosmic journeys in early modern European literature This book enriches our understanding of how astrology prophecy politics and literature interacted in shaping early modern European thought *Catastrophe 1914* Max Hastings, 2013-09-24 From the acclaimed military historian a history of the outbreak of World War I the dramatic stretch from the breakdown of diplomacy to the battles the Marne Ypres Tannenberg that marked the frenzied first year before the war bogged down in the trenches In *Catastrophe 1914* Max Hastings gives us a conflict different from the familiar one of barbed wire mud and futility He traces the path to war making clear why Germany and Austria Hungary were primarily to blame and describes the gripping first clashes in the West where the French army marched into action in uniforms of red and blue with flags flying and bands playing In August four days after the French suffered 27 000 men dead in a single day the British fought an extraordinary holding action against oncoming Germans one of the last of its kind in history In October at terrible cost the British held the allied line against massive German assaults in the first battle of Ypres Hastings also re creates the lesser known battles on the Eastern Front brutal struggles in Serbia East Prussia and Galicia where the Germans Austrians Russians and Serbs inflicted three million casualties upon one another by Christmas As he has done in his celebrated award winning works on World War II Hastings gives us frank assessments of generals and political leaders and masterly analyses of the political currents that led the continent to war He argues passionately against the contention that the war was not worth the cost maintaining that Germany s defeat was vital to the freedom of Europe Throughout we encounter statesmen generals peasants housewives and private soldiers of seven nations in Hastings s accustomed blend of top down and bottom up accounts generals dismounting to lead troops in bayonet charges over 1 500 feet of open ground farmers who at first decried the requisition of their horses infantry men engaged in a haggard retreat sleeping four hours a night in their haste This is a vivid new portrait of how a continent became embroiled in war and what befell millions of men and women in a conflict that would change everything **Competence and Program-based Approach in Training** Catherine Loisy, Jean-Claude Coulet, 2018-12-18 The controversies that have developed in recent years in the field of

education and training around program and competency based approaches are not without reminiscent of those which are at the origin of a reflection on the question of methods to monitor control organize and shape innovation in science and technology and led to the emergence of the notion of responsibility for innovation and research Pell Reber 2015 This book is clearly part of this type of approach Starting from a current state of play on the issues and controversies raised by curricular and competency based approaches Chapters 1 and 2 this book aims at presenting new theoretical frameworks allowing to account for the processes implied by the implementation of these pedagogical innovations and in particular those which at the very heart of the skills mobilized promote a responsibility dimension Based on a developmental approach to individual and collective competencies and their evaluation Chapters 3 4 and 5 it attempts to show how this approach can mobilize educational practices on strong societal issues such as sustainable development Chapter 5 Lastly it aims to provide theoretical and practical benchmarks to help engage educational teams and institutions in these innovative and responsible approaches by providing a coherent framework for doing so Chapters 6 7 and 8

The Kiosk of Taharqa Martina Minas-Nerpel,Rene Preys,2023-09-26 From the reign of Ptolemy IV Philopator 221 204 BC an extensive building and decoration programme is attested throughout Egypt with a specific emphasis on the cult of Osiris and the child gods The royal legitimization in which Horus of Edfu and Amun of Thebes played a major role was a further focal point With the Theban revolt 206 186 BC the royal support of the Egyptian temples stopped abruptly and was only resumed under Ptolemy VI Philometor In the temple of Amun Ra at Karnak the Kiosk of Taharqa was a key contribution of the Kushite period 746 655 BC Under Ptolemy IV a major restoration campaign took place in the First Courtyard the gate of the Second Pylon was rebuilt and the Kiosk substantially renovated Its intercolumnar walls were remodelled and carved with ritual scenes of royal legitimization The soubassement was decorated with a procession of nomes received by the goddess Waset and the column shafts and abaci were engraved with the royal names In this book the Kiosk s Ptolemaic texts and iconographic decoration are presented and analysed A global study of Philopator s architectural activities places the Kiosk in the larger context of Karnak and beyond In addition a palaeographic study of the hieroglyphic texts is published

The Economic Modernisation of France Roger Price,2022-01-26 First published in 1975 The Economic Modernisation of France presents the study of economic developments in France between 1730 and 1880 This period is conceived as one of growth in production within pre industrial economic structures succeeded from 1840 50 by rapid

structural transformation and the creation of an industrial economy Divided into four major parts it discusses themes like communication and the development of commerce agriculture industrial development and population Rich in primary sources this will be an essential read for scholars and researchers of French history European history economic history and history in general

Behind the Front Craig Gibson,2014-03-27 Until now scholars have looked for the source of the indomitable Tommy morale on the Western Front in innate British bloody mindedness and irony not to mention material concerns such as leave food rum brothels regimental pride and male bonding However re examining previously used sources alongside never before consulted archives Craig Gibson shifts the focus away from battle and the trenches to times behind the front where the British intermingled with a vast population of allied civilians whom Lord Kitchener had instructed the troops to avoid Besides providing a comprehensive examination of soldiers encounters with local French and Belgian inhabitants which were not only unavoidable but also challenging symbiotic and uplifting in equal measure Gibson contends that such relationships were crucial to how the war was fought on the Western Front and ultimately to British victory in 1918 What emerges is a novel interpretation of the British and Dominion soldier at war

Short French Fiction John Flower,1998 This volume provides new insights into some of the best examples of this form of writing in the twentieth century and also includes a chapter which explores ways in which the genre is evolving as the century draws to a close

Correspondance Diplomatique de Talleyrand Charles Maurice de Talleyrand-Périgord (prince de Bénévent),1891 **The White War** Mark Thompson,2009-03-17 In May 1915 Italy declared war on the Habsburg Empire Nearly 750 000 Italian troops were killed in savage hopeless fighting on the stony hills north of Trieste and in the snows of the Dolomites To maintain discipline General Luigi Cadorna restored the Roman practice of decimation executing random members of units that retreated or rebelled With elegance and pathos historian Mark Thompson relates the saga of the Italian front the nationalist frenzy and political intrigues that preceded the conflict and the towering personalities of the statesmen generals and writers drawn into the heart of the chaos A work of epic scale The White War does full justice to the brutal and heart wrenching war that inspired Hemingway s A Farewell to Arms

Maritime Power and the Power of Money in Louis XIV's France Benjamin Darnell,2023 A detailed analysis of the limitations of the system which relied on intermediaries and private suppliers to finance build and maintain the French navy Although Louis XIV s navy did not win in any recognisable sense during the wars of the later seventeenth and early eighteenth centuries it was nevertheless one of the largest military institutions of the entire early modern world at a key moment in the evolution of the modern state and modern warfare This book examines how Louis XIV s navy was financed arguing that the way the state spends money and the relative efficiency and accountability of that spending is fundamental to understanding the effectiveness of a military system It outlines how the French crown depended on fiscal intermediaries and private suppliers explores how its failure to control the spending and activities of its contractors fundamentally limited France s strategic possibilities at sea and discusses how these structural problems were progressively

and disastrously exposed as the state's financial situation deteriorated. The book sets the activities of the French navy in the wider context of the wars of the period showing that France necessarily had to give precedence to the funding of its army. Overall the book highlights the limitations of the contractor state demonstrating that early modern navies were both too complex and investment heavy to be entirely outsourced.

Real Time David F. Bell, 2010-10-01 In *Real Time* David F. Bell explores the decisive impact the accelerated movement of people and information had on the fictions of four giants of French realism: Balzac, Stendhal, Dumas, and Zola. Nineteenth-century technological advances radically altered the infrastructure of France, changing the ways ordinary citizens and literary characters viewed time, space, distance, and speed. The most influential of these advances included the improvement of the stagecoach, the growth of road and canal networks leading to the advent of the railway, and the increasing use of mail and of the optical telegraph. Citing examples from a wide range of novels and stories, Bell demonstrates the numerous ways in which these trends of acceleration became not just literary devices and themes but also structuring principles of the novels themselves. Beginning with both the provincial and the Parisian communications networks of Balzac, Bell proceeds to discuss the roles of horses and optical telegraphs in Stendhal and the importance of domination of communication channels to the characters of Dumas, whose *Count of Monte Cristo* might be seen as the ultimate fictional master of this accelerated culture. Finally, Bell analyzes the cinematic vision created by the arrival of the railroad as depicted by Zola in *La Bête Humaine*.

Beyond the Balance of Power Peter Jackson, 2013-12-05 This is a major study of French foreign and security policy before, during, and after the First World War. Peter Jackson examines the interplay between two contending conceptions of security: the first based on traditional practices of power politics and the second on internationalist doctrines that emerged in the late nineteenth century. He pays particular attention to the social and political context in which security policy was made and to the cultural dynamics of the policy.

making process The result is a comprehensive reassessment of France's security policy in the era of the Great War The book reconsiders the evolution of French war aims and reinterprets the peace policy of the Clemenceau government in 1919 It provides a perspective on the foreign policy of successive French governments in the early 1920s and also shows that internationalist ideas were far more influential over this entire period than is commonly understood Ecritures digitales Claire Clivaz, 2019-07-01 *Ecritures digitales* aims to demonstrate how digital writing contributes to the emergence of a new relationship between the human body and the machine as Jacques Derrida proposed when he considered the effects of new technologies This reconfigured relationship not surprisingly is also influencing the digital future of the Jewish Christian textual corpus referred to as the Scriptures The French title brings together this duality in one expression *Ecritures digitales* The English subtitle makes explicit the double meaning of the unique French word *Ecritures* Digital writing digital Scriptures With a full French version and an abbreviated English version this monograph analyzes the main challenges and opportunities for both writing and the Scriptures in the transition to digital culture *Ecritures digitales* souhaite d montrer de quelle mani re l criture digitale contribue l mergence d une nouvelle relation du corps humain aux machines selon le diagnostic pos par Jacques Derrida propos des effets des nouvelles technologies Cette relation innovante influence galement l avenir num rique du corpus textuel jud o chr tien d sign comme les *Ecritures* Le titre fran ais rassemble en une seule expression ces deux th matiques *Ecritures digitales* Le sous titre anglais rend sa double signification explicite Digital writing digital Scriptures Avec une version fran aise compl te et une version anglaise br ve cette monographie analyse les principaux d fis des m tamorphoses digitales de l criture et des *Ecritures* World War I Media, Entertainments & Popular Culture Chris Hart, 2018 *Entertainments and popular cultures* played a major part in the lives of those experiencing the First World War This collection of studies spans the role of newspapers films posters and music and much more looking at the different ways different media entertainments were produced and consumed during the war *The Land of France 1815-1914* Hugh D. Clout, 2017-07-06 This book first published in 1983 attempts to examine the rural change in France between 1815 and 1914 with a sustained and explicit spatial approach This volume represents a position in which space and time are meshed in an analysis of the forces underlying land use and other changes that have contributed much to the making of the French landscape In this book the shift from the rural economy towards the urban markets in this period is examined thoroughly using the vast statistical record of cadastral surveys and agricultural enquiries as well as contemporary reports and agricultural journals The detailed mapping of historical data is a major feature of the treatment As a scholarly account of a major topic in historical geography *The Land of France 1815 1914* should appear to all students and researchers with interests in historical and rural geography and economic history and especially those specialising in European studies

French Prose in 2000 ,2021-10-18 *French Prose in 2000* stems in some important measure from work presented in September 1998 at the International Colloquium on French and Francophone Literature in the 1990 s held at Dalhousie

University A good number of papers given at that time and since revisited in the light of exchanges join here certain others specifically written for the purposes of this book Together they constitute a wide ranging and modally varied interrogation of the current state of French and francophone prose writing its multifaceted manners its richly divergent fascinations its many theoretical or philosophical groundings The book thus ceaselessly moves its attention from fictional biography to the roman noir from the writing of Glissant and Chamoiseau to that of the tonnants voyageurs from the powerful discourse of women such as Chawaf or Cond Ernaux or Germain Sallenave or Kristeva to that of writers as diverse in their modes as Le Cl zio and Quignard Duras and Renaud Camus All chapters focus however in near exclusive measure on the prose production of the last ten or twelve years
