LAB EXERCISE 5: Lizard Evolution Virtual Lab

Answer the following questions as you finish each module in the virtual lab.

MODULE 1: Introduction

At the beginning of the virtual lab, you were asked to select eight lizards into categories. What criteria did you use to select your groups?

My criteria were size, color, and shape of the lizards.

Did your criteria yield similar results? Why?

Yes, because the criteria were the same. I used the same criteria to select my groups. I used the same criteria to select my groups. I used the same criteria to select my groups.

An adaptation is a structure or function that the organism has as a population response to its environment. Give an example of a structure and a function as a population adaptation. Provide one example and an explanation of an adaptation in the desert lizard.

One example of a structure is the lizard's body. One example of a function is the lizard's body. One example of a structure is the lizard's body. One example of a function is the lizard's body.

Provide one evolutionary adaptation for why lizards living in the desert have different traits (e.g., size, color, shape) would have evolved a function.

One example of a structure is the lizard's body. One example of a function is the lizard's body. One example of a structure is the lizard's body. One example of a function is the lizard's body.
