

LEARNING OBJECTIVES: Upon completion of this course, students will be able to:

Answer the following questions using data as provided in the [Excel file](#) as a first assignment after completing the online spreadsheet tutorial. Log into your Kaltura Space [HERE](#) and you will then be guided through the first assignment with you.

Abstract

1. Question: Two identical, white squares of paper, each folded either to one-eighth or to one-fourth of the original length and then put into a black, opaque, rectangular container. Are the squares more visible through the container when folded into eighths or into fourths?

5. (a) *How important are different types of income, apart from the total personal spending for family to get ideas on the relative importance of different types of income?* (b) *How important are different types of income, apart from the total personal spending for family to get ideas on the relative importance of different types of income?*

For the three-dimensional limited body problem, we numerically solved 10000 trajectories through the system. These showed that bodies move and use the same space as comets. Indeed, their densities are higher than those of comets.

6. If *Paragorgia kirkpatricki* has been photographed, contact the photographer and ask them to email full-size photos to you. The more photos the better, especially at higher zooms (20x or greater) and in the best possible focus. Please label photos with the number of the individual.
