*The Gamer's Guide to International Relations* Michael A. Allen, 2025-02-19 Ready Player One meets Foreign Affairs everything your students need to know about international relations through the lens of video games The Gamer's Guide to International Relations uses massively popular video games as a stepping stone to learning about international relations The study of international relations concerns itself with critical topics like war civil war terrorism human rights trade monetary policy and the environment Each of these areas of human need crisis and response can be difficult to understand However gamers already implicitly understand the international world through the games they play Drawing upon lessons gamers learn through gameplay this volume guides readers as to how their existing knowledge can help untangle some of the most complicated topics facing humanity The book progresses by introducing readers to how scholars use the scientific method in international relations Readers will encounter pivotal international relations theories that explain why war occurs like realism liberalism and constructivism as well as understanding concepts like the bargaining model of war The book discusses how we learn about international politics and guides the reader through how we can research world politics and gaming Finally the book focuses on key interest areas like international political economy human rights the environment and civil war

*Dark Souls : Beyond the Grave - Volume 1* Damien Mecheri, Sylvain Romieu, 2019-02-19 Story of a saga video games If the Dark Souls series managed to seduce players and journalists it was mainly by word of mouth It was such a great success that Dark Souls 2 was named Game of the Year 2014 by the vast majority of gaming magazines and websites To date this saga is one of the most important in the gaming industry The odd thing is that these games are well known for their difficulty and their cryptic universe This publication narrates the epic success story but also describes its gameplay mechanics and its specific lore across more than 300 pages Characters plots and the scenario of the three Souls Demon's Souls Dark Souls and Dark Souls II are deciphered by Damien Mecheri and Sylvain Romieu who spent a long year studying these dense and enigmatic games down to the smallest detail The serie Dark Souls and her spiritual father Demon's Souls will not have secrets for you anymore

EXTRACT In May 2014 Hidetaka Miyazaki succeeded Naotoshi Zin as president of FromSoftware after the studio was purchased by Kadokawa Shoten This was a highly significant promotion for the person who had led the company's most successful project Dark Souls And yet he did not lose from view what had attracted him to the field an insatiable creative drive In spite of his new status within the studio one of the conditions he requested and was granted was to remain creative director of his new project Bloodborne This allowed him to successfully design this spiritual successor to the first Souls game while also assuming his new responsibilities Given his drive to work and create it is not surprising how quickly Miyazaki moved up through the ranks

ABOUT THE AUTHORS Passionate about films and video games Damien Mecheri joined the writers team of Gameplay RPG in 2004 writing several articles for the second special edition on the Final Fantasy saga He continued his work with the team in another publication called Background before
