WEEK ONE

TOPIC: NON-CENTRALIZED STATES IN PRE-COLONIAL NIGERIA

1. Meaning of Non-centralized states: non-centralized states were independent ethnic groups that had no central administration which means that they had no powerful ruler. Hence, in non-centralized states, power was distributed among many people. The power in this context means the overall activities, which includes planning and decision-making.
2. Characteristics of Non-Centralized states
 - i. Numerous governing bodies: There are many governing bodies, thus laws are made and enforced only if the majority voted in favour of that particular law.
 - ii. Decentralization of power: In a non-centralized state, all the power is not centered on a single individual or central government. The power resides in the hands of selected group of elders or chiefs.
 - iii. Government is usually more effective and efficient; responsive and responsible.

- iv. There was absence of law courts and prisons, oracle was usually consulted in resolution of certain disputes.
- v. Religious activities played a great role in these states.
3. Examples of Non-centralized states in pre-colonial Nigeria
 - i. Igbo: the pre-colonial system of administration in Igbo land was centered inside villages. Politically, each village existed on its own, with a council of elders at the helm of administration. The head of each council of elders was called the Okpara, he was the wisest and most senior person. The council of elders made and enforce laws and punish law breakers. Though the Okpara could summon meetings and judge but he wasn't powerful and could not take decision without the consent of all the families in the village.

SOME KEY PERSONALITIES/GROUPS IN PRE-COLONIAL IGBO LAND

Journal of Biblical Literature ,1980 An Index to English Periodical Literature on the Old Testament and Ancient Near Eastern Studies William G. Hupper,1987 Library has v 1 4 only **Literature on Hadith in European Languages** Ahmad von Denffer,1981 This bibliography covers books and articles by Muslims and non Muslims on Hadith the literature which provides guidance on aspects of law and life where Qur'anic warrant is lacking **An Index to English Periodical Literature on the Old Testament and Ancient Near Eastern Studies** American Theological Library Association,1987 Devoted entirely to articles dealing with textual and literary criticism of the Old Testament Included are sections on papyri and ostraca pre masoretic and masoretic texts ancient versions including the LXX Vulgate Coptic and Syriac early and modern English translations foreign language translations i.e. other than English hermeneutics and translation principles and problems The series is growing in comprehensiveness and thus usefulness and is becoming increasingly indispensable for the scholar of the Old Testament I would recommend its use heartily AUSTRALIAN BIBLICAL REVIEW Essential Papers on the Talmud Michael Chernick,1994-10 Illuminating the Talmud's history sources arguments and methods this volume adds the insights of modern Talmudic scholarship and criticism to the growing number of more traditionally oriented works Collected here in one volume are essential essays published in the area of Talmudic study by Jacob Neusner Robert Goldenberg Louis Ginzberg and others Isaiah 28-33 Translation with Philological Notes ,1977 **Genesis** John H. Walton,2016-01-12 Many today find the Old Testament a closed book The cultural issues seem insurmountable and we are easily baffled by that which seems obscure Furthermore without knowledge of the ancient culture we can easily impose our own culture on the text potentially distorting it This series invites you to enter the Old Testament with a company of guides experts that will give new insights into these cherished writings Features include Over 2000 photographs drawings maps diagrams and charts provide a visual feast that breathes fresh life into the text Passage by passage commentary presents archaeological findings historical explanations geographic insights notes on manners and customs and more Analysis into the literature of the ancient Near East will open your eyes to new depths of understanding both familiar and unfamiliar passages Written by an international team of 30 specialists all top scholars in background studies *The Name and Way of the Lord* Carl Judson Davis,1996-03-01 This book discusses the first century implications of applying Old Testament texts about the divine to Jesus It summarizes recent views on the significance of this practice It then collects pre Christian and first century Jewish parallels and notices that most centre on the angel wisdom glory and word of the Lord although application to non divine figures also occurs The evidence is that some Christians in the 50s worked with a redefinition of monotheism in which they included the Father and Jesus Such a view explains the New Testament salvation historical perspective in regard to the Old Testament belief on the theophany of God and the belief in God as the object of invocation **Ezekiel's Prophecy on Tyre** H. J. van Dijk,1968 ?????? Michael A. Fishbane,2002-06-01 Written by one of the most noted scholars in the field

this commentary has Hebrew text and the new JPS English translation at the top of the page and a critical line by line commentary at the bottom **Interpreting the Prophetic Word** Willem A. VanGemeren, 2010-06-01 The diversity of prophetic voices in the Bible provides a message that is rich and variegated But the variety of the testimony can be lost by limiting one's interpretations or application of the prophetic word Interpreting the Prophetic Word helps readers understand the harmony of the voices that reveal God's purposes in redemptive history Dr Willem VanGemeren explains clearly and fully the background of the prophetic tradition He then interprets the message of the major and minor prophets using historical context and literary form and structure as tools in his analysis He concludes with an explanation of the relevance of the prophetic word today Dr VanGemeren's extensive research and scholarship is presented in a readable way to unlock the door of prophecy for readers He helps them to interpret prophecy and invites them to listen to the prophets and to live the prophetic word **Josephus' Description of the Essenes Illustrated by the Dead Sea Scrolls** Todd S. Beall, 2004-12-23

This study provides an analysis and commentary on Josephus' description of the Essenes in the light of the new material from Qumran A fresh translation is provided alongside the Greek text of the passages in Josephus as well as a full commentary on the major passages in which he describes this group Zondervan Illustrated Bible Backgrounds Commentary: Esther John H. Walton, 2009 After a brief essay that introduces each book a verse by verse commentary follows Drawing upon linguistic analysis archaeological evidence history other ancient Near Eastern literatures and the like the commentary provides the historical and cultural background against which the texts can be read and understood from publisher description

Hosea: A Textual Commentary Mayer I. Gruber, 2017-07-27 Mayer I Gruber provides a new commentary on and translation of Hosea Building upon his work that debunked the myth of sacred prostitution Gruber now goes on to show that the book of Hosea repeatedly advocates a single standard of marital fidelity for men and women and teaches cheated women to fight back Gruber employs the latest and most precise findings of lexicography and poetics to solve the difficulties of the text and to determine both how Hosea can be read and what this means The translation differs from classical and recent renderings in eliminating forms and expressions which are neither modern English nor ancient Hebrew Referring to places events and material reality of the 9th and 8th centuries BCE Gruber uncovers the abiding messages of the heretofore obscure book of Hosea As in previous studies Gruber employs the insights of behavioral sciences to uncover forgotten meanings of numerous allusions idioms similes and metaphors Judicious use is made also of textual history reception history and personal voice criticism One of the least biblical books now speaks more clearly to present and future audiences than it did to many previous audiences **Ecclesiastes** James L. Crenshaw, 1987-01-01 This volume a part of the Old Testament Library series explores the book of Ecclesiastes The Old Testament Library provides fresh and authoritative treatments of important aspects of Old Testament study through commentaries and general surveys The contributors are scholars of international standing **Writing and reading the scroll of Isaiah** Craig C. Broyles, Craig A. Evans, 1997 The studies in this volume

investigate Isaiah's use of early sacred tradition the editing and contextualization of oracles within the Isaianic tradition itself and the interpretation of the book of Isaiah in later traditions as in the various versions and interpretations of the text

Jeroboam's Wife Robin Gallaher Branch, 2018-04-24 Much has been written about prominent women of the Bible such as Sarah Ruth and Esther But little attention has been paid to the obscure or unnamed women of the Old Testament whose words are not recorded Yet even while mute these women often played critical roles in the unfolding of God's plan at times signaling the emergence of great events In *Jeroboam's Wife* Robin Gallaher Branch introduces seven of these obscure yet noteworthy women and girls Through her careful examination of the literary contours of the biblical narratives she highlights their unique challenges and indelible contributions Drawing from contemporary biblical psychological and sociological scholarship Branch brings these women and their stories to life in fresh ways Thoughtful questions for personal reflection or group discussion help contemporary readers ponder how these women's lives are still relevant **Narrative Social**

Structure Recep ?entürk, 2005 This book presents the first attempt by a sociologist to unearth the long hadith transmission network from ancient historical sources and analyze it using the most recent qualitative and quantitative analytical tools

Exploring the Isaiah Scrolls and Their Textual Variants Donald W. Parry, 2019-10-07 In *Exploring the Isaiah Scrolls and Their Textual Variants* Donald W. Parry systematically presents on a verse by verse basis the variants of the Hebrew witnesses of Isaiah the Masoretic Text and the twenty one Isaiah Dead Sea Scrolls and briefly discusses why each variant exists The Isaiah scrolls have greatly impacted our understanding of the textual history of the Bible and in recent decades Bible translation committees have incorporated a number of the variants into their translations as such the Isaiah scrolls are important for both academic and popular audiences Variant characterizations include four categories a accidental errors e.g. dittography haplography metathesis graphic similarity b intentional changes by scribes and copyists c synonymous readings d scribes stylistic approaches and conventions **The Book of Genesis, Chapters 1-17** Victor P. Hamilton, 1990-10-31 Hamilton's study on the first 17 chapters of the Book of Genesis is part of *The New International Commentary on the Old Testament* Like its companion series on the New Testament this commentary devotes considerable care to achieving a balance between technical information and homiletic devotional interpretation
