He was a brilliant student and hence he was given admission in the university in London where he studied the advanced aspects of law and completed his graduation. Quaid thought that since he inspired the Muslims of India and worked hard for the betterment of Indian Muslims and demanded the separate national for the suppressed Indian Muslims. Many problems were created by the ruling class of that time but he had to face hundred of hardship and problems with his students. He introduced the new nation theory which united all the Muslims of India. After he presented the party which were revolutionary in the history of subcontinent.
