Learning and Teaching Chinese as a First Language Sin Manw Sophia Lam, John Chi-Kin Lee, Chung Mou Si, 2024-06-28 In this book the authors embark on a critical investigation of the complex field of Chinese language education with a particular focus on exploring new trends and teaching and learning They delve into the intricacies of language education and its effectiveness in teaching Chinese as a first language The book has three objectives establishing a field of study in Chinese language learning and teaching providing critical discussion and progressive insights on language education and offering relevant pedagogical perspectives of learning and teaching Chinese as L1 and L2 The chapters investigate learning and teaching of Chinese in different aspects including four skills culture literature technology assisted learning and learners identity By focusing on the teaching practices of Chinese at different

levels it sheds light on teaching Chinese as a first language Theoretically it broadens the linguistic and geographical reach of previous works on language education that mainly examine English as a lingua franca or children's first language acquisition Drawing upon theories in language learning the book demonstrates the applicability of language theories in the first language and Chinese as a non alphabetic language and examines the impact and effectiveness of some theories in Chinese learning and teaching Academic researchers teacher educators teachers and students interested in Chinese language and education will find this a highly relevant text for its focus on curriculum pedagogy and assessment of teaching Chinese as a first language

2012 GCSE English results Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007/09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do
