Christmas Welcome Speech for Church Christmas Celebration

"For unto us a child is born, unto us a son is given; and the government shall be upon his shoulder; and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace." Isaiah 9:6 KJV

Today at [name of church], we are celebrating the reason for the Christmas season - the birth of Jesus Christ. Whether it's your first time here or your hundredth, we offer you a warm welcome to our church family.

I'm [name], and I am [what you do at the church]. I'm happy to answer any questions you might have after the service. Our bulletin has some handy information about what you can expect from the service.

Be sure to return on [date] for [another Christmas celebration or the next big event - keep this very short.]

Next, our worship team will be leading a few Christmas songs. You'll probably recognize a few, but one or two might be new to you.

Let's pray.

Dear Lord,

We are so thankful for today, and that we get to come together to celebrate You! You are the prince of peace of this world and in our hearts.

We pray that You will bless this service as we prepare our hearts for Christmas. May our worship glorify You here today. May we receive Your word and be changed.

In Jesus' Name, Amen.

Handbook of Communication in the Public Sphere Ruth Wodak, Veronika Koller, 2008-08-27 As you are reading this you are finding yourself in the ubiquitous public sphere that is the Web Ubiquitous and yet not universally accessible This volume addresses this dilemma of the public sphere which is by definition open to everyone but in practice often excludes particular groups of people in particular societies at particular points in time The guiding questions for this collection of articles are therefore Who has access to the public sphere How is this access enabled or disabled Under what conditions is it granted or withheld and by whom We regard the public sphere as the nodal point for the discourses of business politics and media and this basic assumption is also reflected in the structure of the volume Each of these three macro topics comprises chapters by international scholars from a variety of disciplines and research traditions who each combine up to date overviews of the relevant literature with their own cutting edge research into aspects of different public spheres such as corporate promotional communication political rhetoric or genre features of electronic mass media The broad scope of the volume is perhaps best reflected in a comprehensive discussion of communication technologies ranging from conventional spoken and written formats such as company brochures political speeches and TV shows to emerging ones like customer chat forums political blogs and text messaging Due to the book's wide scope its interdisciplinary approach and its clear structure we are sure that whether you work in communication and media studies linguistics political science sociology or marketing you will find this handbook an invaluable guide offering state of the art literature reviews and exciting new research in your field and adjacent areas
