INTERMEDIATE ACCOUNTING in Q and A Folorunsho MEJABI, 2017-01-02 For the things we have to learn before we can do them we learn by doing them Aristotle once said If we let ourselves we shall always be waiting for some distraction or other to end before we can really get down to our work The only people who achieve much are those who want knowledge so badly that they seek it while the conditions are still unfavourable Favourable conditions never come This book presents a new

learning style evident with today's students and addresses accounting industry changes as well. This textbook is not written as a reference text; rather, it is written in another form where knowledge can be bridged and tested through questions and answers in a multiple choice format.
