

GLOBAL EDITION

Introducing ... *Managerial Accounting: Creating Value in a Global Business Environment, Global Edition*, by Hilton and Platt

We are pleased to present this Global Edition, which has been developed specifically to meet the needs of international managerial accounting students. In addition to the latest examples of both contemporary and traditional topics and new chapter summaries structured around learning objectives, new material has been added to make the content more relevant and improve learning outcomes for the international student.

Improvements to the Global Edition include:

- New Focus and Connect Companies highlighting managerial accounting issues faced around the world. Featured companies include: H&M, L'Oréal, and Intel.
- New references to IFRS, as well as worldwide control regulations.
- Updated "Management Accounting Practice," "In Their Own Words," and "Focus on Ethics" feature boxes, which reflect a more global mix of companies and issues.
- Extended discussion of transfer pricing to include broader coverage of the role of international taxation in setting prices, and the role of national and supranational organizations in the regulation of the practice.
- Modified end-of-chapter material including new global company examples.
- Special Global Edition of Connect Plus Accounting, McGraw-Hill's web-based assignment and assessment platform with eBook access, which helps students learn faster, study more efficiently, and retain more knowledge.

This Global Edition has been adapted to meet the needs of courses outside of the United States and does not align with the instructor and student resources available with the U.S. edition.
