Vacationland William Philpott,2013-08-30 Winner of the Western Writers of America 2014 Spur Award for Best Western Nonfiction Contemporary Mention the Colorado high country today and vacation imagery springs immediately to mind mountain scenery camping hiking skiing and world renowned resorts like Aspen and Vail But not so long ago the high country was isolated and little visited Vacationland tells the story of the region s dramatic transformation in the decades after World War II when a loose coalition of tourist boosters fashioned alluring images of nature in the high country and a multitude of local state and federal actors built the infrastructure for high volume tourism ski mountains stocked trout streams motels resort villages and highway improvements that culminated in an entirely new corridor through the Rockies Interstate 70 Vacationland is more than just the tale of one tourist region It is a case study of how the consumerism of the postwar years rearranged landscapes and revolutionized American environmental attitudes Postwar tourists pioneered new ways of relating to nature forging surprisingly strong personal connections to their landscapes of leisure and in many cases reinventing their lifestyles and identities to make vacationland their permanent home They sparked not just a population

boom in popular tourist destinations like Colorado but also a new kind of environmental politics as they demanded protection for the aesthetic and recreational qualities of place that promoters had sold them Those demands energized the American environmental movement but also gave it blind spots that still plague it today Peopled with colorful characters richly evocative of the Rocky Mountain landscape Vacationland forces us to consider how profoundly tourism changed Colorado and America and to grapple with both the potential and the problems of our familiar ways of relating to environment nature and place

Pelevin and Unfreedom Sofya Khagi, 2020-12-15 Sofya Khagi's Pelevin and Unfreedom Poetics Politics Metaphysics is the first book length English language study of Victor Pelevin one of the most significant and popular Russian authors of the post Soviet era The text explores Pelevin's sustained Dostoevskian reflections on the philosophical question of freedom and his complex oeuvre and worldview shaped by the idea that contemporary social conditions pervert that very notion Khagi shows that Pelevin uses provocative and imaginative prose to model different systems of unfreedom vividly illustrating how the present world deploys hyper commodification and technological manipulation to promote human degradation and social deadlock Rather than rehearse Cold War era platitudes about totalitarianism Pelevin holds up a mirror to show how social control now covert yet far more efficient masquerades as freedom and how eagerly we accept even welcome control under the techno consumer system He reflects on how commonplace discursive markers of freedom like the free market are in fact misleading and disempowering Under this comfortably self occluding bondage the subject loses all power of self determination free will and ethical judgment In his work Pelevin highlights the unprecedented subversion of human society by the techno consumer machine Yet Khagi argues however circumscribed and ironically qualified he holds onto the emancipatory potential of ethics and even an emancipatory humanism
