## **Manon Des Sources:**

*Manon Des Sources* (video). Claude Berri, 1987      Jean de Florette [and] Manon Des Sources Marcel Pagnol, 2004  
Pagnol's tragedy explores themes of sacrifice selfishness and revenge in a Provencal village      *Manon Des Sources*, 1996  
**MANON Des Sources**, 2000      **French Cinema in the 1980s** Phil Powrie, 1997 French film in the 1980s might have lacked the invention of the New Wave but gritty police thrillers and nostalgic costume dramas such as *Jean de Florette* and *Manon des Sources* brought French cinema to a wider audience than ever before This landmark study is not merely a history of French film in the 1980s but offers a set of critical essays on the crisis of masculinity in contemporary French culture and its interrelationship with nostalgia After a brief overview both of the crisis in the French film industry during the 1980s and of the socio political crisis of masculinity in the wake of 1970s feminism the book is divided into three sections the retro nostalgic film the Polar or police thriller and the comic film Films studied in detail include *Diva* *Subway* *Coup de foudre* *Vivement dimanche* *La Vie est un long fleuve tranquille* and *Tenue de soir e* while the volume covers actors from Gerard Depardieu Daniel Auteuil and Yves Montand to Isabelle Adjani Isabelle Huppert and Emmanuelle B art      *Manon Des Sources*, 1986      Contemporary French Cinema Guy Austin, 1996-11-15 Examines popular French film of the last 25 years Charts recent developments in all genres since the New Wave including the heritage film the thriller the war film cinema du look Other topics include representations of sexuality the work of women film makers Includes a filmography      *Activist Business Ethics* Jacques Cory, 2012-10-05 Jacques Cory's second book *Activist Business Ethics* expands upon the theoretical concepts developed in his first book *Business Ethics The Ethical Revolution of Minority Shareholders* published by Kluwer Academic Publishers in March 2001 *Activist business ethics* is needed in order to remedy the wrongdoing committed to stakeholders and minority shareholders This will be achieved by cooperation between ethical businessmen activist academics stakeholders and minority shareholders We should treat others as we would want others to treat us not through interest but by conviction Yet this principle is not the guideline of many companies in the modern business world despite the fact that most religions and philosophers have advocated it in the last 3 000 years How can we convince or compel modern business to apply this principle And is it essential to the success of economy In order to answer these questions this book examines the evolution of activist business ethics in business in democracies in Christianity Judaism Islam Buddhism in philosophy and psychology The book examines international aspects the personification of stakeholders the predominance of values and ethics for CEOs and the inefficient safeguards of the stakeholders interests The book presents new vehicles for the safeguard of those interests such as the Internet Transparency Ethical Funds and Activist Associations and future activist vehicles such as the Supervision Board and the Institute of Ethics Today everybody is a stakeholder and a minority shareholder of a company directly or through our pension funds or as a client a supplier a member of a community and a citizen The principal premise of the book is therefore that ultimately the wrongdoers act against themselves The book is woven with many

references on ethics and business ethics from the professional and classic world literature the Bible and other religious texts poetry maxims and folk tales showing that ethical problems are similar throughout the ages and cultures but some of the solutions given in this book are new and original Activist Business Ethics is primarily intended for the academic market and is particularly appropriate for academics in business administration ethics and finance It should also appeal strongly to the professional business finance market and to stakeholders and minority shareholders as well who are aware of the wrongdoing committed to them and who want to remedy the situation by activist conduct
