Christianity Encountering World Religions (Encountering Mission) Terry C. Muck, Frances S. Adeney, 2009-04-01 The current religious climate poses unique challenges to those engaged in mission Thus the authors of this book propose a new yet very biblical model for interacting with people of other faiths They term this model giftive mission as it is based on the metaphor of free gift We bear the greatest gift possible the gospel message Adopting this perspective not only has the potential for greater missionary success but also enables us to more closely imitate God's gracious activity in the world The core of the book explores eleven practices that characterize giftive mission Each practice is illustrated through the story of a figure from mission history who embodied that practice Further discussion shows how to incorporate these practices in specific mission settings

Transforming Bible Study Walter Wink, 2009-08-01 Both participants and leader will be transformed through this revolutionary approach to group Bible study. Far reaching in its concept and implications, this innovative group encounter method makes particular use of split brain theory, emphasizing the province of the brain's right hemisphere: synthesis, imagination, feeling, etc. It also blends biblical form criticism and Jungian psychology with a zealously inquisitive spirit. Wink does well to integrate the social with the personal as well as the relevance of a scripture passage in its original cultural context with its relevance to our contemporary context. Numerous examples and exercises are given along with helpful appendices. If you are involved in clergy or lay study groups, teaching a church class, or conducting a prison ministry, Wink's study will open the door to a radically new understanding of the Bible. In the end, the transformation of study methods will lead to the transformation of participants. **Study Encounter**, 1975 **Encountering the Old Testament** Bill T.

Arnold, Bryan E. Beyer, 2008-05 A comprehensive survey designed for the specific needs of college students incorporates revisions into the text and on the accompanying CD-ROM to provide up-to-date study aids, bibliographies, notes, and indexes.

Enjoying the Old Testament Eric A. Seibert, 2021-11-16 Is it really possible to enjoy the Old Testament? Moseley, 2018-08-28 Many pastors struggle with preaching the Old Testament. As a professor and pastor, Allan Moseley's vast experience and knowledge go a long way in helping expositors enrich their pulpit ministry. The purpose of his book is to offer both exegetical and preaching help by means of a workable 8-step method. The author's preaching model starts with the initial step of determining the genre and meaning of the text, to doing word studies and discovering the main ideas of the text, to applying the sermon in a life-changing and Christ-honoring manner. Some books on preaching from the Old Testament are written by authors who do not actually preach or preach only occasionally. Pastors and budding preachers need a book written by someone who has known what it is like to be a pastor and has prepared sermons every week for years. His book reflects his classroom teaching on the subjects of exposition and hermeneutics and it provides helpful illustrations of expositional principles that rise from his own preaching ministry. Prophecy Unfulfilled Wayne Talbot, *Prophecy Unfulfilled* represents a continuation of the author s quest for the truth of God by firstly uncovering the untruths that he had been taught during his formative years as a Catholic Earlier works focused on the claimed new replacement covenant the rejection of the Sabbath and the rejection of Torah Using the rules of evidence as in a court of law this study seeks to evaluate the claimed messianic prophecy fulfillment by Jesus some two thousand years ago The first part of the book discusses the nature of evidence and how the rules regarding written evidence vary significantly from those of oral evidence the latter being used most often by biblical scholars and Christian apologists The first step is to authenticate the extant documents by examining the chain of custody and thus establish authority Next is to authenticate the attributed authorship of the writings to determine whether the authors were firsthand witnesses of the events they described or whether their narratives are hearsay with or without corroboration Where little verbal agreement is found this is circumstantial evidence of separate traditions developing the resultant theology The study proceeds by examining every verse in the NKJV New King James Version of the New Testament that is annotated as being in fulfillment of prophecy comparing the wording against both the NKJV Old Testament and an English translation of the Hebrew scriptures Where significant variations exist the author seeks an understanding from New Testament scholars whom he frequently quotes The eschatological temper of the early church is given due consideration especially concerning the expectations of the Jews regarding the mission of the Messiah Finally the accomplishments of Jesus as enshrined in Christian creeds is compared with what is spoken of by the prophets The author s conclusion is encapsulated in the book s title
