GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding. The current status of Ofqual as an independent regulator accountable to Parliament is the right one. However, the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place. The Committee is also concerned that there is a rush towards separate exam systems for England, Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do.

Exams, Tests, Revision Pocketbook Mike Gershon, 2016-04-01 Teaching exam classes carries a weight of responsibility for all teachers. They know that offering their students the best possible education is not about the narrow diet of teaching to the test; they also know that good test scores and excellent exam results are fundamental. So how do teachers equip their pupils for exam success while at the same time ensuring high standards of teaching and learning? The Exams Tests Revision Pocketbook looks at how to do just that. Rooted firmly in experience and research, this is a practical how-to Pocketbook aimed at classroom teachers. It provides strategies, activities and techniques for successfully teaching examination classes. Whether those are related to using time efficiently, cognitive psychology and motivation theory, unpicking great exam technique or exploring the best use of past papers, mark schemes and examiners' reports, they are always accessible and can be readily imported for immediate classroom application. The Pocketbook is highly illustrated. Cartoons, diagrams and visual prompts support the text and cement the ideas.

Bringing the English Curriculum to Life David Didau, 2024-04-12 *Bringing the English Curriculum to Life* builds on David Didau's groundbreaking book *Making Meaning in English* by showing how the principles of the original book can be applied in schools and classrooms. Drawing together experiences of designing, teaching, supporting and assessing English across the schools within Ormiston Academies Trust (OAT), this book demonstrates what an ambitious, coherently sequenced, broad and balanced English curriculum with successful adaptation for students with SEND can look like in practice. Designed around the explicit teaching of the powerful conceptual knowledge students need to master the discipline, the book offers a fully resourced English curriculum packed with teaching suggestions and examples of high-quality practice. Covering intent, implementation and assessment and outlining in detail what is included in each module for KS3 and 4, the curriculum can be adopted in its entirety but is also flexible enough for departments to take modules and slot them into their own curriculum. Providing an inspiring model for teaching English that enables all students to succeed, this is an essential resource for all English teachers and school leaders responsible for curriculum development.
