Lecture 10 – Absolutism

We haven't looked at politics much this semester so far, but today we are going to talk about political changes that began in France in the late 1500s that would have a profound effect on European politics for over 200 years. Absolutism began a trend toward strong central government that grew steadily down to the present and continues, in one form or another today. In this lecture and the next several, we will look at a political system called absolutism.

As such, it features pedagogical tools such as Try it Out boxes to assist students to develop a tested and thought-through overall interpretative strategy of their own. Market tested to ensure a good coverage of the typical topics found on a standard level one hermeneutics course, this Studyguide is designed as a practical and comprehensive companion to coursework, be that within a secular institution, a theological institution, or within Church reading groups. The authors set out from the beginning to make clear that interpretation of the Bible is largely affected by the reader's own situation, and therefore the text is designed to guide the reader through the myriad of accepted methods of interpretation, no matter what the reader's own perspective or situation may be.

Then we follow them on to Nauvoo, where the Kingdom rose again, on the Mississippi River, work for the dead was introduced, and the law of celestial marriage was revealed. Again, persecution raised its ugly head, ending in the martyrdom of Joseph and Hyrum Smith at Carthage. In all, it covers 11 years of Church History and covers sections 100-135 of the Doctrine and Covenants.
