

Kisumu MTC opens AIDS training unit

College to use innovative approaches to upgrade health workers' skills

A member of a community outreach group introduces potential students to the launch.

Kisumu MTC has opened a modern HIV/AIDS training unit. The facility, launched on April 12, is the first of its kind in western Kenya.

It was developed in partnership between the KMTC, the UK-based international non-governmental organization Midway International and the Ministry of Health.

Complete with a guest house and dedicated library facilities, the centre will offer a range of courses on HIV/AIDS using innovative learning and training approaches. The training will be done jointly with Midway, which has worked with KMTC on various health training interventions since 2004.

Options in the course include short courses on home-based care, management of HIV/AIDS services, and a higher national diploma in HIV/AIDS care.

The training will target health workers already in the field to upgrade their skills and knowledge to more effectively address the challenges of HIV/AIDS.

One of the unique aspects of this programme is that it encourages the students and lecturers to monitor and evaluate the delivery of the courses.

With support from Midway, Kisumu MTC has developed effective ways of providing quality training in holistic care for adults and children infected with HIV.

Under the DfID-funded HIV/AIDS Prevention and Care Initiative (SHAWCI) lecturers at the college have been trained

in Health Systems Management, a degree course accredited by the University of Manchester in Britain.

Midway Country director Mr. Mathias Houten said: "We invested in the education of lecturers before putting up buildings."

"The roll-out of the demand-driven courses on HIV/AIDS at the unit is meant to mitigate the impact of HIV/AIDS on the lives of Kenyans," said KMTC Director Timothy King'oro at the launch.

He invited health workers in hospitals and communities across western Kenya to take advantage of the new facility to improve their skills.

"I wish to thank KMTC for agreeing to take part in this noble undertaking of training Kenyans for an HIV/AIDS-free society," said Nyandarua provincial medical officer Dr Jackson Kioko.

The college has recently undergone a facelift. A water project has been rehabilitated and the guest house and kitchen renovated. A resource centre has also been set up to make the unit a truly one-stop training facility.

Head of the unit Mr Julius Mwangi says "revenue generated from the unit will be used to improve quality of training in the entire college."

The unit, at the Kisumu MTC, next to the Nyandarua Provincial General Hospital, has spacious classrooms that allow sitting arrangements ideal for adult learning. ■

KMTC and Israel college partner in high-level course

KMTC, jointly with Israel's Galilee College, and United States International University, has trained 20 senior Ministry of Health officials from district and provincial hospitals.

The administrators, including medical superintendents and nursing officers, in charge, graduated on 23rd March 2007, at the Nairobi KMTC Campus in a colourful ceremony presided over by Health Minister Hon Charity Karoti Ngila.

It was the first time for KMTC, known for training mid-to-level healthcare personnel, to train such high-level personnel.

Hon Ngila said the course would improve service delivery in health facilities and was a huge achievement for the Health Ministry and its positive impact would benefit Kenyans all over the country for years to come.

Like the KMTC-Galilee-USIU partnership to the three above in health that indisputably complement each other, KMTC Director Dr. King'oro said 200 more administrators, including some from Kenyatta National Hospital, would be trained in future phases.

Speaking to the participants, Dr Elibon K'Obunga, Medical Superintendent, Mbagathi Hospital, said the course "was a major step in the government's effort to achieve a vision of an accessible, caring and high quality health system."

Israel's Ambassador to Kenya, H.E. Emanuel Ben, challenged the participants to apply the managerial, leadership, innovative, strategic thinking, problem-solving and decision-making skills they learnt.

USIU VC, Prof. Fred Ikawa, said his institution had developed and implemented an executive training programme on planning, budgeting and priority setting for the administrators. ■
