Copulsky,2025-04-16 As the recent Tiger Woods scandal illustrates brand reputation is more precarious than ever before True and false information spreads like wildfire in the vast and interconnected social media landscape and even the most venerable brands can be leveled in a flash by disgruntled customers competing companies even internal sources Here veteran marketing executive Jonathan Copulsky shows companies and individuals how to play brand defense in the twenty first century Five Signs that You Need to Pay More Attention to the Possibility of Brand Sabotage A group of uniformed employees posts embarrassing YouTube videos in which they display unprofessional attitudes towards their work One of your senior executives publicly blames a supplier for product defects even though they predate your relationship with the supplier Your competitor s ads trumpet their solution to the performance problems associated with your most recent product A customer unhappy with changes made to your product design launches a Facebook group which attracts 5 000 fans Your outsource partner is prominently featured in numerous blogs and websites describing allegations of worker mistreatment and workplace safety hazards **Monthly Catalog of United States Government Publications** ,1967 Interesting Times George Packer,2010-02-15 The renowned journalist charts the chaotic years between 9 11 and Obama s first presidential campaign in this National Book Award winning collection Throughout his career as a journalist George Packer has always been attuned to the voices and stories of

individuals caught up in the big ideas and events of contemporary history Interesting Times unites brilliant investigative pieces such as Betrayed about Iraqi interpreters with personal essays and detailed narratives of travels through war zones and failed states Spanning the first decade of the 21st century Packer brings insight and passion to his accounts of the war on terror Iraq political writers and the 2008 election Across these varied subjects a few key themes recur the temptations and dangers of idealism the moral complexities of war and politics the American capacity for self blinding and self renewal Whether exploring American foreign policy tracking a used T shirt from New York to Uganda or describing the ambivalent response in Appalachia to Obama these essays hold a mirror up to our own troubled times and showcase Packer s unmistakable perspective which is at once both wide angled and humane [Air University Library Index to Military Periodicals](#) ,1997

Brute Robert Coram,2010-11-10 The author of American Patriot details the life of an innovative U S Marine Corps veteran of World War II the Korean War and the Vietnam War From the earliest days of his thirty four year military career Victor Brute Krulak displayed a remarkable facility for applying creative ways of fighting to the Marine Corps He went on daring spy missions was badly wounded pioneered the use of amphibious vehicles and masterminded the invasion of Okinawa In Korea he was a combat hero and invented the use of helicopters in warfare In Vietnam he developed a holistic strategy in stark contrast to the Army s Search and Destroy methods but when he stood up to LBJ to protest he was punished And yet it can be argued that all of these accomplishments pale in comparison to what he did after World War II and again after Korea Krulak almost single handedly stopped the U S government from abolishing the Marine Corps Praise for Brute Coram captures General Krulak s striding march across the Marine Corps and across the American century and is a meticulous investigator of the things that drove Brute Krulak not all of them pretty Brute is plainspoken and absorbing and captures its subject in strokes that are sharp simple and often funny Dwight Garner TheNew York Times A well written tale about a complicated yet admirable man James Srodes The Washington Times A revealing and troubling portrait of a much revered figure Kirkus Reviews

Today's Best Military Writing Walter J. Boyne,2007-04-01 Today s Best Military Writing is the first ever collection of the finest articles on the military published in recent years Esteemed military historian and bestselling author Walter J Boyne has gathered twenty one writers both military and civilian and their published articles and essays on all aspects of the various branches of the armed forces and on the military history of the United States From searching analyses of wars spanning two centuries to examinations of how our country s modern armed forces are coping with new threats that are more dangerous than any they ve faced before

these articles represent the best of the best incisive thoughtful and probing opinions and information often written by the people who have lived and breathed their topics Article subjects in this volume include A chillingly logical hypothesis that could be the next step in terrorism mating cruise missiles with biological warfare A call to assign coastal U S defense to the branch of the armed forces that is most equipped to deal with it the Coast Guard The history and development of the F 15 Eagle one of the most famous jet fighters in the world Little known facts about the use and deployment of artillery pieces during the Indian Wars of 1860 1890 The role of U S Army chaplains tending to German war criminals during the Nuremberg Trials At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied

A Trust Betrayed Mike Magner, 2025-05-01 While the big bad corporation has often been the offender in many of the world s greatest environmental disasters in the case of the mass poisoning at Camp Lejeune the culprit is a revered institution the US Marine Corps For two decades now revelations have steadily emerged about pervasive contamination associated clusters of illness and death among the Marine families stationed there and military stonewalling and failure to act Mike Magner s chilling investigation creates a suspenseful narrative from the individual stories scientific evidence and smoldering sense of betrayal among those whose motto is undying fidelity He also raises far reaching and ominous questions about widespread contamination on US military bases worldwide

American Coup William M. Arkin, 2025-05-01 A stunning exploration of the subtle erosion of freedom in an age of concocted fear and de facto military authority When we think of a military coup the first image that comes to mind is a general standing at a podium with a flag behind him declaring the deposing of elected leaders and the institution of martial law Think again In American Coup William Arkin reveals the desk bound takeover of the highest reaches of government by a coterie of grey men of the national security establishment Operating between the lines of the Constitution this powerful and unelected group fights to save the nation from terror and weapons of mass destruction while at the same time modifying and undermining the very essence of the country Many books are written about secrecy surveillance and government law breaking none so powerfully expose the truth of everyday life in this state of war
