Encountering Ancient Voices Corrine L. Carvalho, 2013 **A CHRISTIAN PERSPECTIVE ON ISLAM'S ORIGINS** Gabriel Aryeh, 2024-01-24 A BRIEF SYNOPSIS OF A CHRISTIAN PERSPECTIVE ON ISLAM After several interactions with Muslims of distinct sects in the Bronx community NYC schools and the workplace through the decades Aryeh observed how some professing Christians were led to believe in the Islamic claim of Muhammad's legitimacy as a prophet Although a few maintained the belief that Jesus remained holy as a prophet they suggested he was a mere man and abandoned their past confessions regarding his divinity Nevertheless the more astounding claim many ex Christians and Muslims made suggested that the Jewish and Christian God found in the Bible identified as the same deity of the Qur'an Hence these claims above initiated the primary reasons for delving deep into the study of Islam and writing this book for the sake of not only reaching many believers who erred from Christianity but the Muslims who believed that Allah identified as the God of the Jews and Christians Indeed the enormous task of disproving Islam as an extension of the Abrahamic faith required many investigations into the questions raised by such astonishing claims This book makes deep inquiries into the historical and theological assertions found in the Islamic faith concerning Allah Muhammad and the religious practices observed today which have survived for little over fourteen centuries Consequentially the unfortunate misconceptions taught about Islam in many church pulpits since the early days of this researcher's youth stemmed from books found in academia and some Christian libraries which promoted a worldwide narrative by selective favorable historical accounts based on political ideologies instead of rigorous theological investigation The Christian perspective on Islam examines the theological origins of the Islamic faith by first investigating the geographical locations alleged as the nascent religion's early beginnings by exploring the historical and societal development of the Arab peoples Second this book probes the legitimacy of Muhammad as a divinely ordered prophet by consulting the Judaic traditions derived from the Jewish Scriptures explaining the qualifications of authentic prophethood Finally the sequential order of inquiry laid out above will highlight the emergence of the theology and residual religious rituals observed today in the Islamic world and therefore conclusively demonstrate that Islam remains unaligned with its Jewish and Christian predecessors **The Christian Theological Tradition** Mark McInroy, Michael J. Hollerich, 2019-07-26 The fourth edition of *The Christian Theological Tradition* provides students with essential theological knowledge of key persons and events of the Bible and the Christian faith and of Christianity's multifaceted encounter with Western culture Historically arranged the textbook addresses major theological themes such as revelation God Jesus Christ Creation salvation and the church The textbook deals with the entire Christian tradition from an orientation that is both

Catholic and ecumenical with the fourth edition including expanded coverage of modern Protestant Christianity The Christian Theological Tradition has been thoroughly revised and updated with nine new or rewritten chapters including A new section on the reception of the Second Vatican Council including the pontificate of Pope Francis A new treatment of contemporary developments in liberation and environmental theology A new examination of the relationship between science and Christianity An entirely rewritten treatment of Islam that focuses on the ways in which the Christian tradition has historically understood and responded to Islam A new discussion of the New Atheism with theological responses to this influential movement New textboxes on aspects of religious life such as liturgy prayer art moral teaching and social institutions appropriate to given chapters With the assistance of images and maps key words and recommended reading this textbook outlines the methods for Christian theology and demonstrates the relevance of the Christian theological tradition for our contemporary world This is an ideal resource for students of theology biblical studies or religious studies and anyone wanting an accessible and comprehensive introduction to the Christian theological tradition **Prophets Male and Female**

,2013-06-05 Because gender is an essential component of societies of all times and places it is no surprise that every prophetic expression in the ancient social world was a gendered one In this volume scholars of the biblical literature and of the ancient Mediterranean consider a wide array of prophetic phenomena In addition to prophetic texts of the Hebrew Bible the essays also look at prophecy in ancient Mesopotamia and early Christianity Using the most current theoretical categories the volume demonstrates how essential a broad definition of gender is for understanding its connection to both the delivery and the content of ancient prophecy Attention to gender dynamics will continue to reveal the fluidity of prophetic gender performance and to open up the ancient contexts of prophetic texts The contributors are Roland Boer Corrine Carvalho Lester L Grabbe Anselm C Hagedorn Esther J Hamori Dale Launderville Antti Marjanen Martti Nissinen Jonathan St kl Hanna Tervanotko and Ilona Zsolnay Theology from the Great Tradition Steven D. Masculinities in the Court Tales of Daniel Brian Charles DiPalma, 2018-02-02 In this volume Brian Charles DiPalma examines masculinities in the court tales of Daniel as a test case for issues facing the burgeoning area of gender studies in the Hebrew Bible In doing so it both analyses how the court tales of Daniel portray the characters in terms of configurations of masculinity in their socio historical context and also seeks to advance gender studies in the Hebrew Bible on theoretical methodological and political grounds Masculinities in the Court Tales of Daniel is therefore of interest not only to scholars working on Daniel but also biblical scholars studying gender in the Hebrew Bible more broadly including those engaged in feminist criticism queer criticism and studies of masculinity as well as anyone studying gender within an ancient Near Eastern context

Interpreting the New Testament Francis J. Moloney, Sherri Brown, 2019-10-03 A succinct and accessible text for teaching students how to interpret the New Testament This new textbook effectively introduces students to the art and craft of biblical interpretation New Testament scholars Sherri Brown and Francis Moloney begin by orienting students to the world of the Bible exploring contemporary methods for interpreting the biblical literature and showing how the Old Testament is foundational to the formation of the New Testament The book

proceeds to lead readers through the books of the New Testament by genre The Narratives Gospels and Acts Paul and His Letters Hebrews and the Catholic Epistles Apocalyptic Literature and the Book of Revelation Unlike book by book introductory textbooks that tend to overshadow the primary biblical text with lots of detailed information Brown and Moloney's *Interpreting the New Testament* actually facilitates the study of the New Testament itself Their concluding chapter reflects on the challenge of the New Testament to our present world

Sound and the Ancient Senses Shane Butler, Sarah Nooter, 2018-10-03 Sound leaves no ruins and no residues even though it is experienced constantly It is ubiquitous but fleeting Even silence has sound even absence resonates *Sound and the Ancient Senses* aims to hear the lost sounds of antiquity from the sounds of the human body to those of the gods from the bathhouse to the Forum from the chirp of a cicada to the music of the spheres Sound plays so great a role in shaping our environments as to make it a crucial sounding board for thinking about space and ecology emotions and experience mortality and the divine orality and textuality and the self and its connection to others From antiquity to the present day poets and philosophers have strained to hear the ways that sounds structure our world and identities This volume looks at theories and practices of hearing and producing sounds in ritual contexts medicine mourning music poetry drama erotics philosophy rhetoric linguistics vocality and on the page and shows how ancient ideas of sound still shape how and what we hear today As the first comprehensive introduction to the soundscapes of antiquity this volume makes a significant contribution to the burgeoning fields of sound and voice studies and is the final volume of the series *The Senses in Antiquity*

Finding Our Voice Marc H. Ellis, 2018-06-19 *Finding Our Voice* is a series of meditations on how to express the deepest sense of who we are in a troubled world What is the core of our being How do we find the language to name that core If the core of our faith is identifying and embodying the prophetic for our time surviving that naming is as challenging as finding our voice Often as not the prophetic lands us in hot water We feel alone and abandoned Recognizing others in the same situation is crucial to our ability to hold fast With others our voice grows more certain and finds a home even in exile Soon the community we left is replaced by a new community of fellow travelers We are not alone

The Lost and Forgotten Gospel of the Kingdom, Second Edition Steven Service, 2015-12-31 Most traditions within Christianity would agree that the gospel is the story of the life death burial and resurrection of Jesus Problematically this common contemporary definition does not fit logically with the biblical texts that reference the term Consider Mark 1:14 Galatians 3:8 Hebrews 3:16 4:2 Luke 3:18 9:6 If Jesus did not speak overtly regarding His intent to die sacrificially until the very end of His earthly ministry what gospel did He preach at the start of His ministry What gospel first came to Abraham and was also preached in the days of Moses What gospel was known by John the Baptist before he baptized Jesus What gospel was preached by Jesus' disciples prior to knowing that their Rabbi would go to the cross This study not only elucidates the factors that contributed to the loss of the biblical definition of the term gospel but also restores its meaning and offers a first century perspective of Hebraic Spirituality

New Testament Rhetoric, Second Edition Ben Witherington, Jason A. Myers, 2022-09-28 Witherington and Myers provide a much needed introduction to the ancient art of persuasion and its use within the various New Testament documents More than just an exploration of the use of the ancient rhetorical tools and devices this guide introduces the reader to all that went into convincing an audience about some subject Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft employed approaches of literary and discourse criticism Familiarity with the art of rhetoric also helps the reader explore non epistolary genres In addition to the general introduction to rhetorical criticism the book guides readers through the many and varied uses of rhetoric in most NT documents not only telling readers about rhetoric in the NT but showing them the way it was employed This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT the value such studies bring for understanding what is being proclaimed and defended in the NT and how Christ is presented in ways that would be considered persuasive in antiquity from the introduction

the dispensation of animals as food and offers compelling arguments on why the contemporary animal food production industries and animal testing model should be rejected
